

FISCAL NOTE

The fiscal impact to the judicial system is indeterminable due to an unknown number of cases.

The fiscal impact in the form of a potential expenditure decrease to the Department of Corrections is indeterminable due to an unknown number of cases. By amending the value of property to increase the threshold for misdemeanor convictions, the proposed bill could allow for fewer felony convictions. However, there are no current measures that allow for an accurate prediction of the number of offenders that could be sentenced under the proposed thresholds.
