**"21-13-330. Virtual education; program content;
agreements between districts authorized; remote education
agreements and requirements.**

(m) Two (2) school districts may enter into an agreement to allow a teacher in one (1) school district to remotely instruct a student in another school district. A course taught pursuant to an agreement entered into under this subsection shall not be considered virtual education for purposes of determining if a student is receiving part-time virtual education or full-time virtual education. An agreement to provide remote education pursuant to this subsection shall require that the teacher who teaches the course does so in-person, in a physical classroom setting in the district of employment and provides interactive delivery of content to the remote student. The school district providing the remotely taught courses shall:

(i) Complete a tuition agreement with the school district in which the student is enrolled. The agreement shall

identify the services, courses and the payments to be provided by the respective school districts. The tuition shall be paid on a per course basis and shall be equal to or less than the ADM amount received by the district providing the remote education prorated to reflect the number of remotely taught courses attended by the student;

(ii) Monitor the participating student's academic progress in the remotely taught courses and provide any necessary academic information to the school district in which the student is enrolled;

(iii) Facilitate necessary instructional support for the remotely taught courses taken by the student and notify and assist any student not performing satisfactorily;

(iv) Maintain the student's record for the remotely taught courses taken by the student and, as necessary, share educational information with the district in which the student is enrolled;

(v) Verify the remotely taught program received by the participating student complies with and fulfills the state education program established by W.S. 21-9-101 and 21-9-102 and that the program otherwise meets program standards agreed upon by the district in which the student is enrolled and the district providing the remotely taught courses."
