4

5 "20-2-304. Presumptive child support.

6

7 (c) When each parent keeps the children overnight for more  
8 than twenty-five percent (25%) of the year and both parents  
9 ~~contribute substantially~~ provide substantial contributions to the  
10 expenses of the children in addition to the payment of child  
11 support, a shared responsibility child support obligation shall be  
12 determined by multiplying the parents' total child support  
13 obligation as derived from subsection (a) of this section by one  
14 hundred fifty percent (150%). After the shared responsibility  
15 child support obligation is determined, that amount shall be  
16 divided between the parents in proportion to the net income of  
17 each. The proportionate share of the total obligation of each  
18 parent shall then be multiplied by the percentage of time the  
19 children spend with the other parent to determine the theoretical  
20 support obligation owed to the other parent. The parent owing the  
21 greater amount of child support shall pay the difference between  
22 the two (2) amounts as the net child support obligation.". STITH
