19 "(v) Except for requests made under paragraph (a)(i) of
20 this section, no loans or grants shall be made to an irrigation
21 district until the state loan and investment board determines the
22 necessity of the project. In making a determination under this
23 paragraph, the board shall consider the ability of the district to
24 fund the project, in whole or in part, through local public revenue
25 sources and the availability of full or partial funding for the
26 project through the Wyoming water development program. The board
27 may consult with the water development commission for purposes of
28 this paragraph.
29

30 (p) As used in subsection (a) of this section, "essential
31 public service" means a public service facility owned by the
32 applicant and available for use by the general public or providing
33 a public benefit including: water and sewer projects, storm
34 drainage projects, irrigation projects, street and road projects,
35 solid waste disposal projects, local natural gas utility pipelines
36 and distribution systems, acquisition of emergency vehicles,
37 public administration buildings, health care facilities, senior
38 citizens centers, jail and detention facilities, facilities needed
39 to provide services to the disabled, costs to purchase medical
40 equipment that generates revenue sufficient to service a Joint
41 Powers Act loan, as determined by the board, and similar facilities
42 as authorized by the board. To be considered an "essential public
43 service" under this section, local natural gas utility pipelines
44 and distributions center and similar facilities shall be located

1 in rural and unserved areas. "Essential public service" also means
2 refinancing outstanding loans extended to the applicant.". BONER,
3 CHAIRMAN
