4

5 "(d) No permit shall be issued under this article for any
6 vertical construction of a wind turbine within two (2) nautical
7 miles of any active federal military missile launch or control
8 facility, unless the owner or developer of the wind energy facility
9 first obtains and furnishes proof to the board of county
10 commissioners of:

11

12 (i) A written determination of no adverse impact on
13 nuclear security operations from the military installation
14 commander or the commander's designee;

15

16 (ii) A determination of no hazard from the federal
17 aviation administration; and

18

19 (iii) Documentation from the federal military aviation
20 and installation assurance siting clearinghouse that resolves any
21 potential adverse impact on military operations and readiness and
22 that commits to implement required mitigation measures." LANDEN,

23 CHAIRMAN
