"(vii) All related manuals, including but not limited to, technical manuals for repair and maintenance of the electronic voting system, operations manuals for election officials, printer manuals for ballot production and all other written documents prepared by the vendor that describe the operation, use and maintenance of the electronic voting system;

(viii) A list of applicable patents and copyrights on the electronic voting system;

(ix) A history of the electronic voting system to include a complete description of the electronic voting system, the date the electronic voting system was produced and a complete list of the states that have used the electronic voting system;

(x) A list of any written complaints or concerns made to the vendor by other jurisdictions including county or local jurisdictions on the electronic voting system and a description of the resolution of the complaints or concerns. If there are no written complaints or concerns made to the vendor by other jurisdictions on the electronic voting system then the vendor shall provide a statement to that effect;

(xi) A list of all denials of certification for the electronic voting system made to the vendor by other jurisdictions including state, county or local jurisdictions which shall include official documentation on the resolution of the denial of certification or a statement from the state, county or local jurisdiction explaining why the denial was not resolved;

(xii) Any other documentation that the secretary of state may require by rule."

"(iii) Upon written request by the secretary of state, the vendor fails to submit the electronic voting system for re-examination by a voting system test laboratory certified by the United States election assistance commission or national institute of standards and technology;

1 (iv) The election voting system does not produce accurate
2 results and reports as required by law;

3
4 (v) Changes are made in the electronic voting system that do
5 not comply with the requirements for certification as required by
6 subsection (d) of this section;

7
8 (vi) The electronic voting system is no longer used by any
9 county in Wyoming or is no longer available for purchase or repair
10 from the company;

11
12 (vii) The electronic voting system, vendor or its employees
13 are found by the secretary of state to be problematic in ensuring
14 elections as critical infrastructure;

15
16 (viii) Failure to comply with any other rule of the secretary
17 of state.". OLSEN, CHAIRMAN
