

**FISCAL NOTE**

The fiscal impact, in the form of increased revenues and expenditures, is indeterminable.

This bill authorizes the Wyoming Gaming Commission (Commission) to enter into an agreement with any entity responsible for administering the Federal Horseracing Integrity and Safety Act of 2020 (15 U.S.C. § 3051 et seq.) to provide services consistent with the enforcement of the horseracing anti-doping and medication control program and the racetrack safety program. Subject to the availability of funds in the Pari-Mutuel Account, there is continuously appropriated to the Commission the state's proportionate share for the horseracing anti-doping and medication control program and racetrack safety program. The commission shall remit funds appropriated to the entity responsible for administering the programs in accordance with federal law.

This bill also specifies a fee of 6 percent of the net proceeds from covered thoroughbred horserace revenues attributable to the interstate export of pari-mutuel simulcast signals. This fee would be deposited to the General Fund.
