

FISCAL NOTE

The fiscal impact is indeterminable.

The Department of Environmental Quality (DEQ) indicated this legislation would impact Wyoming's air quality primacy and Wyoming facilities may need to obtain permits from the Environmental Protection Agency (EPA) for carbon dioxide and from DEQ for other constituents. In addition, DEQ reports this legislation would end DEQ's role with underground injection control (UIC) permitting for carbon capture and sequestration projects in Wyoming and that role would go to the EPA.

NOTICE-AGENCY ESTIMATE OF ADMINISTRATIVE IMPACT REQUESTED

This bill has administrative impact that appears to increase duties or responsibilities of one or more state agencies and may impact agency spending or staffing requirements. As introduced, the bill does not modify any state agency budget or current personnel authorizations.

The following state agencies will be asked to provide their estimate of the administrative fiscal impact prior to the first committee meeting held to consider the bill:

Dept. of Environmental Quality
