HOUSE BILL NO. HB0285

Wind energy generation tax exemption.

Sponsored by: Representative(s) Burkhart

A BILL for

AN ACT relating to the tax on the production of energy from wind resources; providing an exemption for energy generated from wind turbines that are substantially constructed in the state as specified; and providing for an effective date.

Be It Enacted by the Legislature of the State of Wyoming:

Section 1. W.S. 39-22-105 by creating a new subsection (c) is amended to read:

(c) Fifty percent (50%) of the electricity produced from a wind turbine that was substantially constructed in this state shall not be subject to any tax imposed under
this chapter for a period of ten (10) years after the initial imposition of the tax on that turbine. As used in this subsection, "substantially constructed" means that the wind turbine is primarily assembled in Wyoming and the manufacturing of the tower foundation, tower, turbine blades, rotor hub and nacelle occurs in Wyoming. Nothing in this subsection shall require construction or assembly of related electronics, gears or controls for the turbine in Wyoming.

Section 2. This act is effective July 1, 2017.
