6   "(iv) Based upon reports from each district on schools
7 operating within that district for the current school year and on
8 grade configurations contained within each reported school during
9 that school year, compute the average daily membership (ADM) for
10 each reported school and each grade within each reported school in
11 accordance with identified grade configurations subject to the
12 following:
13
14   (A) For school year 2021-2022, if the district's
15 average ADM for the three (3) immediately preceding school years
16 is greater than the district's ADM from the previous school year,
17 each reported school shall be computed based upon the average of
18 the school's ADM counts completed at the end of the three (3)
19 immediately preceding school years, otherwise each reported school
20 within the district shall be computed based on the school's ADM
21 for the previous school year. For school year 2022-2023 and for
22 each school year thereafter, each reported school within the
23 district shall be computed based on the school's ADM for the
24 previous school year;". STEINMETZ
