

FISCAL NOTE

	FY 2022	FY 2023	FY 2024
NON-ADMINISTRATIVE IMPACT			
Anticipated Revenue increase			
GENERAL FUND	\$8,025	\$8,025	\$8,025

Source of revenue increase:

The source of the revenue increase is an increase to the maximum allowable fee a state criminal justice agency may charge to a non-criminal justice agency for processing and conducting a check on fingerprinting applications. The fee increases from a maximum of \$5 to a maximum of \$10.

Assumptions:

The Attorney General's Office states that in calendar year 2020 it processed 1,605 fingerprinting applications that would fall within the fee related to draft bill. Based on 2020 applications, there may be as much as \$8,025 in additional revenue generated by the proposed bill. The additional revenue will be deposited to the GENERAL FUND and not with the Attorney General's Office.
