2

3 "(X) The retail sale of electricity for
4 charging electric vehicles by a person that obtains the electricity
5 for the electric vehicle charging service, including any
6 electricity from an electricity storage device, from a public
7 utility that is otherwise regulated under this title:
8

9 (1) In whose service territory the
10 electric vehicle charging service is located; and
11

12 (2) Under an established tariff for
13 rates, charges and conditions of service.". COOPER
