

FISCAL NOTE

This bill transfers the functions within the Office of State Lands and Investments (OSLI) that administer weed and pest control programs to the Department of Agriculture on July 1, 2021. The Governor shall transfer \$300,000 to the Department of Agriculture and any property and equipment within the OSLI necessary to implement this bill. The OSLI and the Department of Agriculture shall work together to develop recommendations to the Governor regarding which funding, property, and equipment shall be transferred. The OSLI and Department of Agriculture shall work together to develop appropriate budget requests for the 2023-2024 supplemental budget that reflect the transfer of funding, property, equipment and authority mandated by this bill.
