

FISCAL NOTE

The fiscal impact, in the form of a revenue increase to the Highway Fund, is indeterminable.

This bill increases multiple permit fees for oversized and overweight vehicles. The revenue increase depends on how many permits are sold, and in some instances, how many miles are traveled on the permit. Using FY 2019 permit sales and miles, the approximate revenue increase associated with the fee increases is \$4,000,000 per year.
