5 "(K) Before an operator commences a limited mining

6 operation, the department may require the operator to test the

7 water quality of domestic wells within three hundred (300) feet of

8 the proposed limited mining operation for water quality parameters

9 identified by the administrator of the water quality division of

10 the department. The department shall not require the operator to

11 sample any domestic wells that the well owner does not grant

12 permission for the operator to sample. The operator shall submit

13 water quality testing results to the administrator of the land

14 quality division of the department." LAWLEY, HEINER
