

HB0117H3001

Page 59-line 17 After "conditions:" insert "(A)".

Page 59-after line 19 After the Harshman second reading amendment (HB0117H2004.01/AC) to this line, insert and renumber as necessary:

"(C) The commission and the water development office shall conduct a study related to the project under this subsection and report the results of the study to the select water committee not later than October 1, 2025. The study under this subdivision shall include:

(I) The possibility of implementing hydroelectric power generation through the project under this subsection;

(II) The process to obtain an easement for public access to the reservoir;

(III) The feasibility of recreational opportunities at the reservoir including boating, swimming and fishing and other possible public benefits;

(IV) The possibility of establishing increased permanent water storage options at the reservoir."

HARSHMAN, STROCK, YIN
