

Page 59-line 19 After "subsection." insert "No funds appropriated under this subsection shall be expended unless the project meets the following conditions:

(A) The project is owned or managed by a government entity to ensure the project maintains a continued public benefit. To the extent practicable, the project owner or manager shall seek to provide for the generation of hydroelectric power through the operation of the project;

(B) The reservoir is designated for public recreation including boating, swimming and fishing;

(C) The area surrounding the project is designated for public recreation, including the development of trails;

(D) A public road is established to provide public access to the project;

(E) The reservoir is named Douglas recreational lake to indicate the regional significance and public benefits of the project." HARSHMAN
