**"Section 5.**

(a) There is appropriated one hundred forty-eight thousand dollars (\$148,000.00) from the general fund to the state engineer's office for updating the technology used for the accounting system that calculates the natural flow of the North Platte River. This appropriation shall not be transferred or expended for any other purpose and any unexpended, unobligated funds remaining from this appropriation shall revert as provided by law on June 30, 2026.

(b) If 2025 Senate File 0001 or 2025 House Bill 0001 is enacted into law, the appropriation in subsection (a) of this section shall be reduced by one dollar (\$1.00) for every one dollar (\$1.00) appropriated to the state engineer's office for updating the technology used for the accounting system that calculates the natural flow of the North Platte River in 2025 Senate File 0001 or 2025 House Bill 0001."
