

FISCAL NOTE

This fiscal impact is indeterminable.

This bill prohibits the Governor from increasing legislative appropriations from the Public School Foundation Program Account (SFP) except to ensure sufficient funds are available to fund the foundation program amount as defined by W.S. 21-13-101(a)(v) for each school district (i.e., the Wyoming education resource block grant funding model and other amounts made available to school districts to comply with providing the K-12 educational program).

Under current law, W.S. 9-2-1005(b)(ii), the Governor has the authority to revise, change, redistribute or increase legislative appropriations from the SFP, if in his opinion a public welfare emergency exists, agency program requirements have significantly changed, or if there are unanticipated revenues that become available.
