

FISCAL NOTE

The fiscal impact is indeterminable.

This bill directs the State Superintendent of Public Instruction to prepare a plan for reorganization of the State Board of Education and State Board of Career and Technical Education. Subject to approval of the reorganization plan by act of the Legislature, the State Superintendent shall be the successor to each board and would provide for the transfer of all personnel, supplies, equipment, and appropriations for each board to the State Superintendent. The fiscal impact would be dependent upon the reorganization plan ultimately approved by the Legislature.
