

FISCAL NOTE

	FY 2026	FY 2027	FY 2028
NON-ADMINISTRATIVE IMPACT			
Anticipated Revenue increase			
SPECIAL REVENUE FUND	\$3,200	\$2,240	\$2,800

Source of revenue increase:

This bill provides for the Wyoming Board of Medicine to set appropriate license application and renewal fees, resulting in a revenue increase to the special revenue fund.

Assumptions:

The Board of Medicine assumes it will set an application fee of \$200 and a renewal fee of \$80. The Board of Medicines then assumes twelve (12) initial license applications in fiscal year 2026 and eight (8) each fiscal year thereafter. The Board of Medicine estimates approximately 90 percent of licenses would be renewed annually.

The Board of Medicine indicates there will be an initial administrative impact to implement this bill. For the three years analyzed in this fiscal note, the Board of Medicine estimates the costs to administer these licenses will be greater than the estimated revenues collected. The Board of Medicine anticipates other licensing revenue will be required to cover the full cost of the bill's implementation.

NOTICE-AGENCY ESTIMATE OF ADMINISTRATIVE IMPACT REQUESTED

This bill has administrative impact that appears to increase duties or responsibilities of one or more state agencies and may impact agency spending or staffing requirements. As introduced, the bill does not modify any state agency budget or current personnel authorizations.
The following state agencies will be asked to provide their estimate of the administrative fiscal impact prior to the first committee meeting held to consider the bill:

Board of Medicine
