Source of revenue (decrease):

Decrease in fees collected from applicants applying by endorsement.  
Decrease in fees collected from out-of-state licenses.

Assumptions:

The Board estimated 70% of out-of-state Physical Therapist and Physical Therapist Assistant applicants would choose not to apply via endorsement, but would instead purchase a PTCompact Privilege.

As the PT Compact is implemented, at least 50% of the active licensees with an out-of-state address will choose not to renew their Wyoming Physical Therapist or Physical Therapist Assistant license.

<b>NON-ADMINISTRATIVE IMPACT</b>			
Anticipated Expenditure increase			
SPECIAL REVENUE FUND (0800 series)	\$2,500	\$0	\$0

Source of expenditure increase(decrease):

Enterprise Technology Services has estimated that the cost to the Board would be a one time cost of approximately \$2,500.

Assumptions:

Although the PT Compact Commission has the authority to levy an annual assessment to each member board, since its inception in 2017, there has yet to be an assessment levied. The operations of the compact are currently supported by revenue collected from the sales of compact privileges, however this could change at a later date.
