

Page 3-line 9           After "inspections" insert ", who meets any requirements under subsection (m) of this section, if applicable,".

Page 7-after line 20       Insert and renumber as necessary:

"(m) If a city or town has assumed local enforcement authority under W.S. 35-9-121, a third party inspector performing building permit inspections under this section shall meet the same certification and qualification requirements applicable to building permit inspectors employed or contracted by the city or town under W.S. 35-9-121. Nothing in this section shall be construed to diminish the authority of the city or town to enforce adopted building codes or to reject a third party inspector's report that does not comply with adopted building codes or established reporting requirements."

Page 9-line 12           After "inspections" insert ", who meets any requirements under subsection (m) of this section, if applicable,".

Page 13-after line 23     Insert and renumber as necessary:

"(m) If a county has assumed local enforcement authority under W.S. 35-9-121, a third party inspector performing building permit inspections under this section shall meet the same certification and qualification requirements applicable to building permit inspectors employed or contracted by the county under W.S. 35-9-121. Nothing in this section shall be construed to diminish the authority of the county to enforce adopted building codes or to reject a third party inspector's report that does not comply with adopted building codes or established reporting requirements."
