

FISCAL NOTE

	FY 2027	FY 2028	FY 2029
NON-ADMINISTRATIVE IMPACT			
Anticipated Revenue increase/ (decrease)			
Pesticide Registration Fee	\$1,015,000	\$1,015,000	\$1,015,000

Source of revenue increase:

The proposed legislation increases the cost of the annual registration for each pesticide by \$70.

Assumptions:

The Department of Agriculture assumes the number of products registered will remain consistent at 14,500 per year.

The Department of Agriculture will continue to register pesticide products for the State of Wyoming. The increased registration fee of \$70 will be deposited into the special natural resource account as it is today. If necessary, the funds could be used to fund additional project requests.
