

**FISCAL NOTE**

The fiscal impact to the judicial system is indeterminable due to an unknown number of cases.

The fiscal impact to the Department of Health is indeterminable due to an unknown funding mechanism. Medicaid and CHIP are subject to separate federal limits under the Hyde Amendment, which restricts federally funding abortions except to save the pregnant person's life. It is also unknown whether General Fund dollars alone may be used to pay for abortions under Title 42 - Welfare, which governs Medicaid programs or if other funding mechanisms are intended by the bill.
