

FISCAL NOTE

The fiscal impact in the form of a revenue decrease is indeterminable.

Source of revenue decrease:

Within the proposed legislation, the Board of County Commissioners will have the authority to regulate and restrict the location and use of buildings and structures and the use, condition of use, or occupancy of lands for residence, recreation, agriculture, industry, commerce, and other nongovernmental purposes in the unincorporated area of the county.

Additionally, the bill clarifies that "Mineral resources" does not include sand, gravel, or any other common rock used for construction or similar uses. It is unknown at this point how future projects may be affected by the authorities and clarifications described in the bill. As such, there is the potential for a loss of revenue, but it is indeterminable.
