

FISCAL NOTE

	FY 2027	FY 2028	FY 2029
NON-ADMINISTRATIVE IMPACT			
Anticipated Expenditure increase			
HIGHWAY FUND	\$40,000	\$0	\$0

This bill authorizes third party providers to provide driver's license and motor vehicle services as specified.

Source of expenditure increase:

According to the Wyoming Department of Transportation (Department), changes to the existing driver's license system would need to be made. These changes would allow for knowledge testing and driver's license services by third party providers and enable access to the system and transaction processing for the state. The current estimate from the vendor for these changes is \$40,000.

In addition to this, the Department would need to work with Enterprise Technology Services (ETS) for implementation and security of the system to open access to the providers would require access to the wyo.gov domain to utilize the functionality of the driver's license system. This impact is included in the ETS Agency Estimate of Administrative Impact.

NOTICE-AGENCY ESTIMATE OF ADMINISTRATIVE IMPACT REQUESTED

This bill has administrative impact that appears to increase duties or responsibilities of one or more state agencies and may impact agency spending or staffing requirements. As introduced, the bill does not modify any state agency budget or current personnel authorizations.

The following state agencies will be asked to provide their estimate of the administrative fiscal impact prior to the first committee meeting held to consider the bill:

Department of Transportation
Enterprise Technology Services
