STATEMENT OF REASONS

WYOMING GAME AND FISH COMMISSION

CHAPTER 31

REGULATION GOVERNING AUTHORIZED LICENSE SELLING AGENTS

W.S. §23-1-302 directs and empowers the Commission to make regulations for the sale and record of licenses, stamps and tags, including sale by electronic licensing, and to distribute licenses, stamps, tags and electronic equipment and software programs associated with electronic licensing. The Commission is also empowered to establish an electronic licensing system and prescribe the manner of payment for any electronic payment accepted by the Department and to promulgate all other necessary rules and regulations to effectuate electronic licensing.

In Section 4, definitions for “Book Agent and Electronic License Service (ELS) Agent” have been added. The definitions for “Agent of Record, License Selling Agent, Out of State License Selling Agent and Sporting Goods and Equipment Vendor” have been modified.

In Section 5, language has been added to clarify that the license selling agent is responsible for training and for actions of their sub-agents authorized to sell licenses, permits, tags or stamps. License selling agents shall also be liable for the replacement value of all equipment issued to them by the Department for automated license sales.

Section 6, is a new Section and provides clarification regarding the responsible party for license inventory received by license agents and the cash value of license inventory not returned to License Section by January 31 of the following year in which the inventory was valid.

In Section 7, clarification has been made regarding signatures for resident, resident youth and nonresident licenses; removal of Electronic Licensing Service equipment from a license selling agent’s physical location; fees related to license, permit, tag or stamp sales; and license agents being responsible to complete license form documents.

In Section 8, the process for handling “Void Licenses” has been further described.

In Section 9, the process for handling “Oath of Office” forms has been outlined. An individual authorized to administer oaths and witness signatures on licenses shall not be authorized to sell a license to them self.

In Section 10, the process for reporting monthly license sales by book agents and Electronic License Service agents has been broken out and clarified. A process for notification of late reporting by license selling agents has been included.

In Section 11, processes concerning monetary remittance issues, including account shortages, have been addressed and further explained.

In Section 12, the process for handling duplicate license issuance has been further clarified for book agents and ELS agents.

In Section 13, language has been added to address review of all license selling agent records and documents relating to license, permit, tag or stamp sales for law enforcement purposes by Department law enforcement personnel during normal business hours.

In Section 14, language has been modified to clarify the process for appointment of license selling agents.

In Section 15, the criteria for appointment of in-state license selling agents has been modified to include, the agent shall have a valid sales tax license for the respective business entity. For non-sporting goods and equipment vendors, applications for appointment as a license agent shall be based on the physical location in relation to existing license selling agents and Senior Game Warden evaluations.

In Section 16, the criteria for appointment of out-of-state license selling agents have been streamlined to include review and approval by the Chief Fiscal Officer.

In Section 18, language regarding the renewal of a license selling agency has been separated out from Section 14 and placed into Section 18. Additional renewal criteria have also been added to clarify this process.

In Section 20, any change in the agent of record for a business entity has been spelled out for simplification.

In Section 21, edits have been made indicating that a transfer of a license selling agent as a result of a change in the business entity will result in the business entity being required to be an ELS agent. The agent of record may also be required to attend training as outlined in the regulation, and shall be required to sign a lease agreement for the ELS equipment to be used.

Section 22 is a new Section covering administrative suspension of license selling agents. A portion of this language came from previously deleted language in other Sections. An effort has been made to further clarify this process with edited language.

In Section 23, edits have been made to further clarify the reasons that may lead to license selling agent cancellation.

In Section 24, edits have been made to clarify the proceedings for administrative suspension or cancellation of a license selling agency. An edit was also made regarding the revision date to Chapter 27, Rules of Practice Governing Contested Cases before the Wyoming Game and Fish Commission.

Section 25 is a new Section designed to address the issuance of ELS equipment including a required lease agreement for ELS equipment.

Other grammatical and formatting edits have been incorporated to provide additional clarity but do not change the intent of the regulation.
