**System Status:**  Active  Inactive

**FOR OPEN DUMPS ONLY**

**Site Characteristics**

1. **Surface Area (Acres)**  
1.3 Acres
2. **Surface Volume (Cubic Yards)**  
\_\_\_\_\_ yd<sup>3</sup>

**Hazard Factors (check all that apply)**

1. **Contents**
  - Abandoned automobiles
  - Abandoned trailers
  - Animal carcasses
  - Appliances/white goods
  - Construction and demolition waste
  - Drums/containers of unknowns/pesticide containers
  - Electronics
  - Florescent light bulbs
  - Furniture
  - Lead acid batteries
  - Medical wastes
  - Meth-lab wastes
  - Municipal solid waste
  - Scrap tires
  - Sewage sludge/septic-tank pumpings
  - Suspected asbestos or lead containing materials
  - Suspected RCRA Subtitle C hazardous wastes (treated wood, paints, solvents)
  - Waste oil/oily wastes
  - Yard/green wastes

2. **Rainfall (check one)**

- Low (<10 in/yr)
- Medium (10-25 in/yr)
- High (>25 in/yr)

3. **Site Drainage and Leachate Potential (check one)**

- Site drainage protects ground or surface water
- Limited ponding, drainage effects largely neutral
- Site drainage increases ground or surface water contamination

4. **Flooding Potential (check one)**

- No potential for flooding
- Debris movement from flooding unlikely
- Debris movement from flooding likely

5. **Frequency of Cover (check one)**

- Daily
- Monthly
- Never
- Weekly
- Yearly

**SOLID WASTE SURVEY FORM**  
Refer to OMDS field guide for definitions of terms

Version 12/17/2008

**Hazard Factors (continued)**

**6. Frequency of Burning (check one)**

- Burning does not occur  
 Burning less frequently than weekly  
 Burning more frequently than weekly

**7. Fenced site**

- Yes  
 No

**8. Controlled Access (check one)**

- Effectively controlled access  
 Ineffective controls or poorly restricted access  
 Unrestricted access

**9. Public Concern (check one)**

- No concern voiced  
 Little concern voiced by the public  
 Concern frequently voiced by the public

**Proximity Factors**

**1. Vertical Distance to Drinking Water Aquifer (check one)**

- Greater than 600 feet  
 51-599 feet  
 Less than 50 feet

**2. Horizontal Distance to Surface Water Bodies (check one)**

- Greater than 1,000 feet  
 51-1,000 feet  
 Less than 50 feet

**3. Distance to Homes (check one)**

- Greater than 5,000 feet  
 1,000-5,000 feet  
 Less than 1,000 feet

**General Description (include description of how to get to the site from a known location)**

The Crowheart Transfer station is a fenced site, with regular weekly hours of operation. The site is operated and maintained by the Eastern Shoshone Tribe.

**Comments**

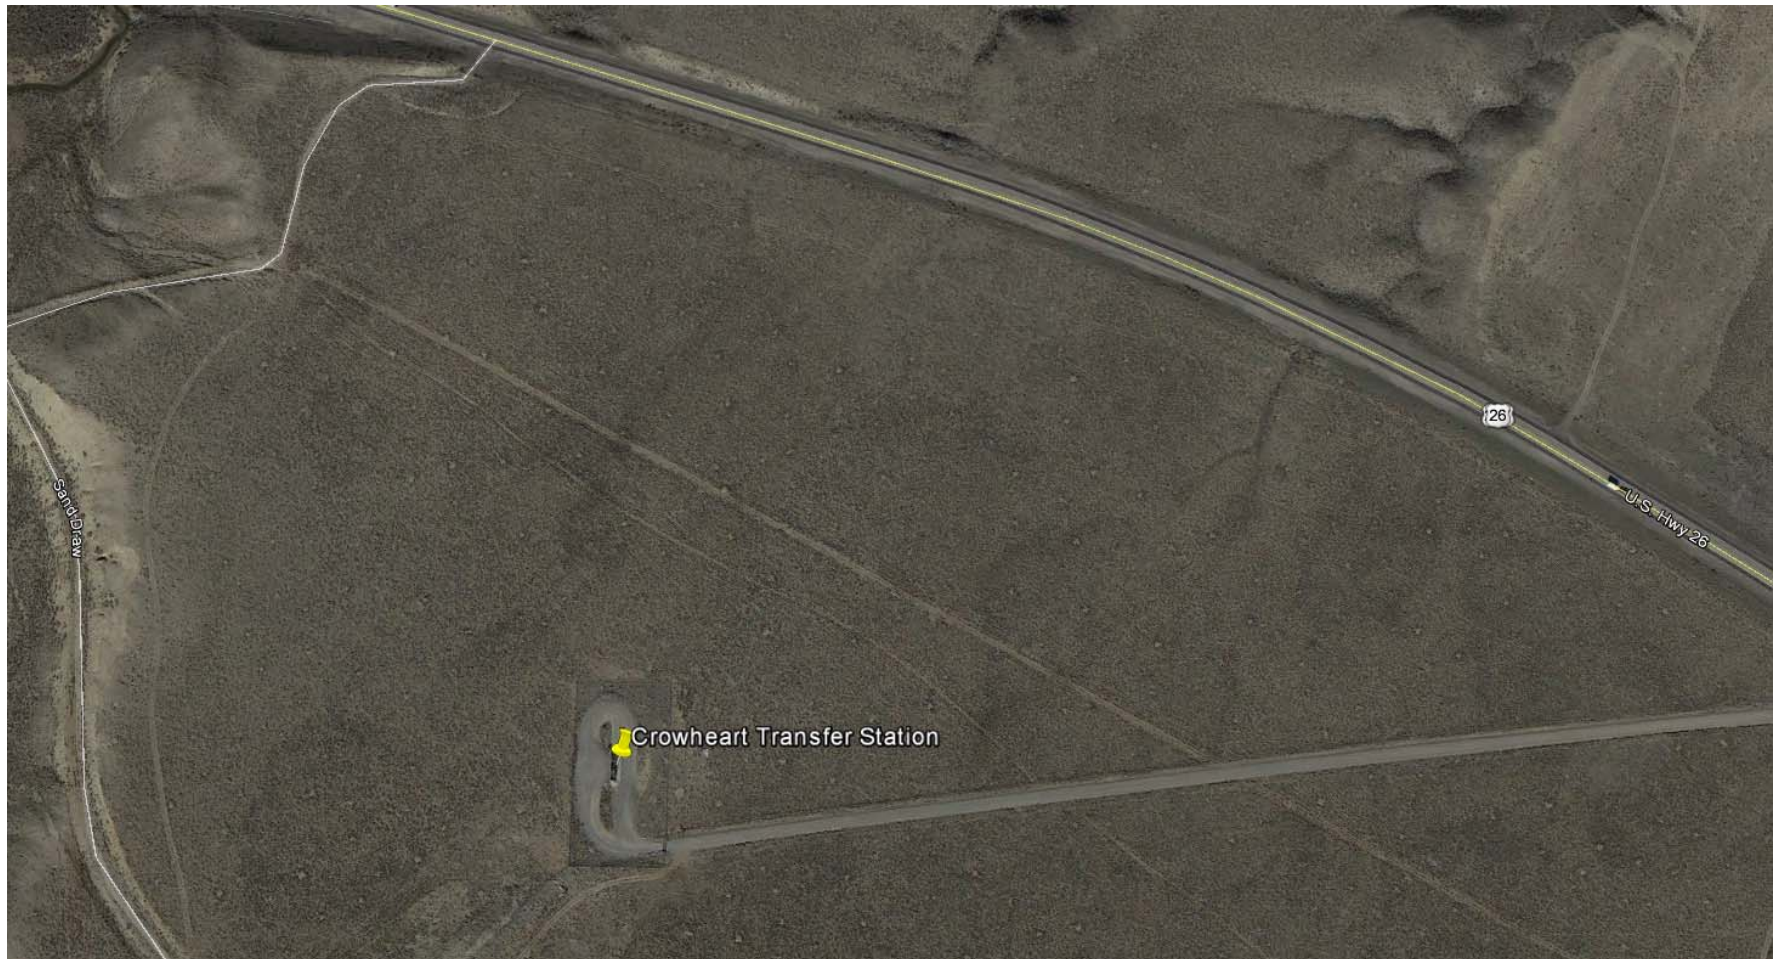

There is some open dumping adjacent to the fenced area. The transfer station site needs to be cleaned up and maintained. Tires, white goods, electronics, furniture, and bailing twine are scattered throughout the fenced location. There is some solid waste that is located outside the fenced area. See attached photos.
