Dear stakeholders:

The Wyoming Gaming Commission provides its clients an efficient and transparent view into the Agency's decision-making and operations. The Agency is, first and foremost, crafted to support and enhance its Mission and Vision:

Mission

The primary mission of the Wyoming Gaming Commission is the protection of the wagering public and the health, safety, and welfare of the participants in all lawful gaming and pari-mutuel activity.

Vision

The Wyoming Gaming Commission will maintain public confidence in the integrity of the gaming environment by operating in a fair and diligent manner and will be responsive, proactive, and known for our expertise, efficiency, and professionalism while responding effectively to the evolving gaming industry.

Throughout the 2021 WGC Annual Report, we provide detailed data on revenues and overall wagering activity in the cowboy state.

The Agency has a history of doing more with less. Since its statutory inception in 1967, the primary mission has been to serve and care for the great state of Wyoming. We have taken great pride in helping our clients work through the regulatory process efficiently while maintaining a strict regulatory framework.

We've all changed the way we operate since the COVID-19 crisis. Some changes were inherently forced upon us, while others represent the height of innovation amid a crisis. There has been a reset of the workforce and the work itself, a reset of the employer/employee and client relationships as well as a reset of the business ecosystem. For most, the business impact of the pandemic has been negative, for some, positive. Our strategies developed in the past are no longer relevant, but we have garnered invaluable experience. Now, more than ever, it is time to bring all stakeholders together and reconfigure the business and operating models for a new reality. The Agency and staff are dedicated to making fundamental changes to pave a path towards new horizons.

Sincerely,

A handwritten signature in cursive script that reads "Charles E. Moore".

Agency Programs

The Wyoming Gaming Commission, originally known as the Wyoming Pari-Mutuel Board, was first established during the 1967 General Session, House Bill No. 130, authorizing pari-mutuel wagering on live racing. During the 1986 General Session, Senate File No. 45 expanded the commission to seven (7) members and provided for a fund for breeders' awards. In 1991, House Bill No. 305 authorized simulcasting, before providing for out-of-state simulcasting facilities and source market fees in House Bill No. 31, during the 2011 General Session. In 2013, House Bill No. 25 redefined simulcast to include historic pari-mutuel events.

Any racing association or corporation authorized to conduct pari-mutuel wagering under this chapter, desiring to display the simulcast of live or historic pari-mutuel events on which pari-mutuel betting shall be permitted in the manner and subject to the conditions provided for under these rules may apply to the Commission for a license. Regulatory Oversight

Video surveillance for each Off Track Betting (OTB) facility offering Historic Horse Racing is required by the Agency. Video feed from each establishment is livestreamed and accessible for viewing at the agency's office and the agency's law enforcement personnel have access to all video feeds from mobile devices. Facility inspections are conducted on a regular basis to verify compliance with simulcasting statute, rules and regulations, including terminal stickers, terminal functionality, and software verifications. Additionally, the agency's law enforcement personnel are involved in the verification of all jackpot winnings. There were one-hundred seven (107) inspections completed in 2021.

Testing & Audits

Gaming Laboratories International, LLC (GLI), is an independent laboratory retained by the agency to serve as an independent consultant on gaming-related matters. Additionally, GLI conducts third-party testing on all historic racing game themes for compliance in accordance with the requirements set forth in the Agency's rules and regulations.

GLI also conducts on-site audits concerning historic racing terminal software packages, ensuring all software is up-to-date and in accordance with current rules and regulations.

The Thoroughbred Racing Protective Bureau (TRPB) mandate is to expose and investigate all activity prejudicial to horse racing and to maintain public confidence in the sport of racing. TRPB performs a monthly audit of historic horse racing terminals and on-site terminal verification.

Agency staff execute and review independent daily terminal reporting audits, including but not limited to: county/city allocations, transactions, liabilities, IRS reports, machine sales (handle), and pool summaries.

Charitable Gaming – Bingo, Pull Tabs & Calcutta Wagering

Pursuant to W.S. §§ 6-7-101 through 6-7-104, the Wyoming Gaming Commission is charged with the administration, enforcement, and regulation of Bingo Games, Pull Tab Games, and Calcutta Wagering. Bingo Games and Pull Tab Games must be conducted by a charitable or nonprofit organization which is recognized as such by the State of Wyoming statutes and has a valid 501(c) exemption from the Internal Revenue Service (IRS), and has also been in existence in Wyoming for the past three (3) years. Calcutta Wagering must be conducted by a bona fide nationally chartered veterans, religious, charitable, educational or fraternal organization or nonprofit local civic or service club organized or incorporated under the laws of Wyoming.

Licensing and Fees

Licensure for Charitable Gaming is required. The Wyoming Gaming Commission does not charge a fee for these licenses but does require that every entity file an annual report for their establishment.

Responsible Gaming

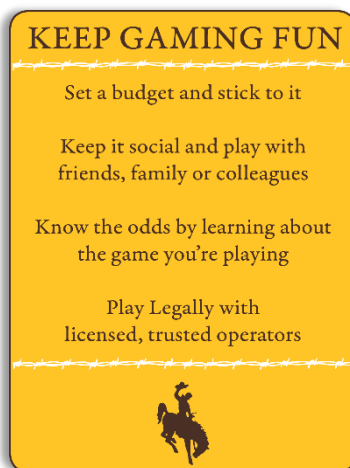

Even though there is little written in statute, the agency is voluntarily involved in the promotion of tools and resources to promote safe and responsible gaming. Our ongoing philosophy is to support responsible gaming. It is our goal to get the word out to our patrons to play, have fun, and know when to walk away.

When HEA50 was enacted for Online Sports Wagering, the first three hundred thousand dollars (\$300,000.00) in revenue for the state was dedicated to continuously be appropriated to the Wyoming Department of Health to be distributed to the counties for the purpose of funding county health programs to prevent and treat problematic gambling behavior, the agency became more involved with what is developing in this area of this vast industry. The agency serves as an active member of the following entities:

- National Council for Responsible Gambling – Our Gaming Liaison receives constant updates and follows ever changing guidelines of the Council. She also attends zoom meetings for new information delivered by the president of NCRG.
- Wyoming Responsible Gambling Coalition – This Coalition also meets monthly and is in the process of developing studies focused on the broader scope of gaming as it relates to the people and state of Wyoming.
- American Gaming Association – We look for guidance as well as media tools provided by the AGA to utilize in getting Responsible Gaming messages to our patrons.

In addition, the agency is actively involved in Conscious Gaming round table discussions. Monthly meetings are held in a round table zoom environment giving our liaison the ability to lend information and ideas that will work in Wyoming for self-exclusion and mandatory exclusion information sharing.

We provide RG brochures to each of the operating OTB locations in Wyoming and have the template for our Responsible Gaming poster on our Website. Operators are encouraged to download the poster from the agency's website and post in their respective locations.³

Agency Review

The year 2021 saw many changes in the Gaming industry. In the aftermath of the brunt of COVID 19 rapid and steady growth ensued. With this growth, the agency took on much new responsibility. Three (3) new At-Will Contract Employee (AWEC) positions were approved by the governor to provide support to the six (6) employees handling additional responsibilities with the expansion of gaming programs.

Administrative

The office was expanded to accommodate additional staffing. One (1) year contracts were obtained for a Special Agent, Project Manager for Skill Based Amusement Games/Online Sports Wagering, and an Administrative Assistant who serves as the Responsible Gaming Liaison, Public Records Official Custodian, and overall administrative support person.

Investigations and Inspections

The Staff, Investigators, Board of Stewards, and Safety Steward continued to perform inspections at all operating racetracks, licensed Off Track Betting facilities, and sites where Skill Based Amusement Games terminals are housed to ensure the safety of the public, participants, and animals involved in live racing. Broodmare inspections for the Wyoming Bred program more than doubled this year.

Legislative Changes

- House Bill 0133, HEA 0050, Online Sports Wagering, was signed by Governor Gordon on April 15, 2021, effective September 1, 2021.
- Scrivener's Error (See Appendix B)

Regulatory Oversight

A pari-mutuel auditor reviewed wagering data on all live races, simulcast historic racing, and advanced deposit wagering operations to ensure proper collection and distribution of funds. The Skill Based Amusement Games revenue and distribution records also undergo an independent audit prior to distribution to counties/cities.

Responsible Gaming

With the explosion of the wagering market, the agency became involved with several national and local Responsible Gaming/Gambling organizations to try to keep up with and be part of the ideas being shared to get the word out to patrons to play responsibly.

This Code of Ethics does not apply to employees of the University of Wyoming or community colleges.

STATE OF WYOMING

EXECUTIVE BRANCH CODE OF ETHICS

1. Purpose. Those who serve the people of the State of Wyoming should do so with integrity. Neither impropriety nor the appearance of impropriety should occur. This Code of Ethics is intended to serve as a yardstick by which the conduct of all who serve in the Executive Branch of the State of Wyoming can be measured.

2. Scope. This Code of Ethics is applicable to all employment-related activities of public officials, elected officials, appointees and employees of the Executive Branch of the State of Wyoming. The term "public employees" shall be used in this Code of Ethics to include all public officials, appointees (whether or not they receive compensation), and employees of the Executive Branch. This Code of Ethics extends, but does not supersede, those duties and standards of conduct which are delineated in constitution, statute, or rule. In the event of any conflict between this Code of Ethics and any applicable constitution, statute, or rule, the constitution, statute, or rule shall prevail.

3. Statement on Gender Pronouns. Throughout this Code of Ethics, gender pronouns are used interchangeably. In cases where there is one individual holding a particular office, the gender pronoun applicable to the person holding that office as of the date of this writing has been used. In all other instances, the drafters have attempted to utilize each gender pronoun in equal numbers, with random distribution.

4. Administration of this Code of Ethics. This Code of Ethics shall be administered by each agency in the State of Wyoming in accordance with the following:

- A. No agency shall delete any part of this Code of Ethics.

B. An agency head who receives an allegation of a violation of this Code of Ethics shall promptly investigate to determine whether the allegation is true. Allegations which are found to be *de minimis* in nature shall be handled accordingly. If the allegation is true, the agency head shall take appropriate action. For permanent employees, such actions shall be in accordance with the State of Wyoming Personnel Rules.

C. Allegations concerning violations of this Code of Ethics by an agency head or appointee shall be investigated by the Governor or his designee. A Supervisor may neither solicit nor accept gifts directly or indirectly, for herself or for another person.

iv. Accepting meal expense, lodging or reimbursement for travel or expenses incident to travel on official business from any source other than the State of Wyoming without approval of the agency head. i. Selling or soliciting for personal gain any product or service such as cosmetics, food items, or household goods and services, during official office hours in or on property owned or held by the State of Wyoming. ii. Transacting personal business during work hours to the extent that it interferes or detracts from the *employee's performance of his duties*.

iii. Unless required for official business and previously approved by the public employee's supervisor the use of any facility or building owned or leased by the State of Wyoming as the

principal residence or address of any business other than the agency by whom the public employee is employed.

7. Allowed Activities. A public employee may, notwithstanding the provisions of Section 6 above:

A. Solicit or accept voluntary gifts of nominal value or nominal donations. *Examples of permissible gifts include voluntary gifts made upon the occasion of marriage, illness, or retirement, or made for charitable or civic purposes.*

B. Solicit or accept anything of monetary value from a friend, parent, spouse, child or other close relative when it is clear from the circumstances that the motivation for the action is a personal or familial relationship.

D. Accept unsolicited advertising or promotional material of nominal value, such as pens, pencils, note pads, and calendars.

E. Engage in a reasonable amount of communication with family members, day care providers, medical professionals, and similarly situated individuals during the work day. [It is incumbent upon each public employee to learn from her supervisor what is considered reasonable in a particular situation.]

F. Engage in teaching, lecturing, or writing for compensation, when those activities are not related to the public employee's employment by the State of Wyoming. [Each public employee should seek approval from her supervisor prior to engaging in such teaching, lecturing, or writing for compensation.]

G. In his private capacity, solicit persons or organizations to obtain goods, services, grants, or loans on behalf of a recognized charitable or fraternal organization.

8. Requests for Approval of Activities. In all cases enumerated above where a public employee is advised to consult with his supervisor prior to engaging in an activity, and in every instance where the public employee is not certain whether a particular activity is allowed by the Code of Ethics, he should consult with his supervisor prior to engaging in the questioned activity. If the public employee requests a written response from the supervisor, the supervisor should respond in writing. This Code of Ethics provides that:

A. No public employee shall be penalized for inquiring of her supervisor regarding prior approval of an activity in which she wishes to engage.

B. If a public employee enquires regarding an activity in which he wishes to engage and his supervisor informs him that engaging in such activity would violate this Code of Ethics, and the public then engages in the activity, his supervisor may take appropriate disciplinary action. For permanent employees, such actions shall be in accordance with the State of Wyoming Personnel Rules.

9. Elected Officials. Elected officials occupy their positions as a result of political election. As such, they may participate in political activities. Elected officials must disclose items or services received

Appendix B: Scrivener's Error

Parts of the following Memorandum prepared by the Legislative Service Office, provides a broad overview of the statutory structure of gaming in Wyoming and summarizes what occurred with the scrivener's error of 2021:

"During the 2020 Budget Session, the Legislature authorized the skill-based amusement games that were currently operating in the state and that met other specified requirements to continue to operate until June 30, 2021. The section allowing temporary operation of these games was adopted through a non-codified section of law. The enacting legislation also included codified law reconstituting the Wyoming Pari-Mutuel Commission as the Wyoming Gaming Commission.

The following year during 2021 General Session, the Legislature repealed the sunset date for the operation of existing skill-based amusement games and authorized the operation of any skill-based amusement games that met the requirements of law. The enacted legislation did not limit the operation to only those skill-based amusement games that were in operation prior to June 30, 2021. According to a letter from Governor Mark Gordon to the Wyoming Senate, opinion among legislators differed as to whether the Legislature intended to allow for operation of *new* skill-based amusement games.

To further confound questions of legislative intent, the 2021 law inadvertently repealed the codified provisions of the 2020 law that reconstituted the Wyoming Pari-Mutuel Commission as the Wyoming Gaming Commission and related provisions."
