1 37-18-102. Energy generation portfolio standards; 2 reporting requirements; rate recovery and limitations. 3 4 (a) Consistent with the objective of ensuring Wyoming electric utilities maintain access to reliable and cost 5 effective electric generation resources, the public service 6 commission shall establish by rule energy portfolio 7 8 standards that will maximize the use of dispatchable and reliable low-carbon electricity. In establishing standards, 9 10 the commission: 11 12 (v) Shall for each public utility: 13 14 (A) Not later than December 15, 2024, establish baseline standards for electric reliability to 15 16 related to adequate dispatchable power in Wyoming. The 17 standards established under this subparagraph may include limits on outages and shall ensure that new or expanded 18 19 intermittent generation resources do not unreasonably 20 diminish power quality or increase momentary outages across 21 a utility's service territory or in any particular
