**STAFF COMMENT**

The newly created subsection (b), above, uses the language for "automotive vehicle, motor-propelled wheeled vehicle, or vehicle designed for travel over snow" from W.S. 23-3-306(a), which is the only place in statute where that language is used. The Committee may wish to consider whether the terms need defined. "Vehicle" is defined under W.S. 6-1-104(a)(xi) as "any device by which persons or property may be moved, carried or transported over land, water or air". Alternatively "motor vehicle" is defined under W.S. 31-1-101(a)(xv) which includes "off-road recreational vehicle". The definition is as follows:

1 (a) Except as otherwise provided, as used in this  
2 act:

3  
4 (xv) "Motor vehicle" means every vehicle which  
5 is self-propelled except vehicles moved solely by human  
6 power, electric bicycles or motorized skateboards. The  
7 term includes the following vehicles as hereafter defined:

8  
9 (K) "Off-road recreational vehicle" means:

10  
11 (I) A recreational vehicle primarily  
12 designed for off-road use that is fifty (50) inches or less  
13 in width measured from the outside of one (1) tire rim to  
14 the outside of the opposite tire rim and that has an  
15 unladen weight of one thousand one hundred (1,100) pounds  
16 or less;

17  
18 (II) Any motorcycle not required by  
19 law to be licensed that has an unladen weight of six  
20 hundred (600) pounds or less, is designed to be ridden off-  
21 road with the operator astride upon a seat or saddle and  
22 travels on two (2) tires; and

23  
24 (III) Any multi-wheeled motorized  
25 vehicle not required by law to be licensed and is designed  
26 for cross-country travel on or over land, sand, snow, ice  
27 or other natural terrain and which has an unladen weight of  
28 more than nine hundred (900) pounds.

29  
30 Additionally, "snowmobile" is defined under W.S. 32-2-  
31 401(a)(ii) as "any mechanically driven vehicle of a type  
32 which utilizes sled type runners, or skis, or any endless  
33 belt tread or combination of these, designed primarily for  
34 operation over snow".

35  
36 The Committee may also wish to consider providing  
37 definitions for other terms in the newly created subsection  
38 (b) on the previous page for clarity in the criminal  
39 statute. Notably, the Committee may wish to consider if the  
40 term "use all reasonable efforts" should be further  
41 defined.
