

**DRAFT ONLY
NOT APPROVED FOR
INTRODUCTION**

HOUSE BILL NO.

Water districts-funds for maintenance projects.

Sponsored by: Select Water Committee

A BILL

for

1 AN ACT relating to irrigation projects; authorizing
2 irrigation districts, watershed improvement districts and
3 water conservancy districts to direct a portion of annual
4 district funding for major maintenance projects;
5 authorizing investments of major maintenance accounts; and
6 providing for an effective date.

7

8 *Be It Enacted by the Legislature of the State of Wyoming:*

9

10 **Section 1.** W.S. 41-3-771, 41-7-402(a) and 41-8-121(a)
11 are amended to read:

12

13 **41-3-771. Methods of levying and collecting; class A.**

1
2 To levy and collect taxes under class A as provided in W.S.
3 41-3-770, the board shall, in each year, determine the
4 amount of money necessary to be raised by taxation, taking
5 into consideration other sources of revenue of the
6 district, and shall fix a rate of levy which when levied
7 upon every dollar of assessed valuation of property within
8 the district, and with other revenues will raise the amount
9 required by the district, to supply funds for paying
10 expenses of organization, for surveys and plans, paying the
11 costs of construction, operating and maintaining the works
12 of the district; provided, however, that said rate shall
13 not exceed one-half (1/2) mill on the dollar, prior to the
14 delivery of water from the works, and thereafter not to
15 exceed one (1) mill on the dollar, of assessed valuation of
16 the property within the district, except in the event of
17 accruing defaults and/or deficiencies where an additional
18 levy may be made as provided in W.S. 41-3-775. The board
19 shall on or before the third Monday of July of each year,
20 certify to the board of county commissioners of each county
21 within the district or having a portion of its territory in
22 the district, the rate so fixed with direction that at the
23 time and in the manner required by law for levying of taxes

1 for county purposes, such board of county commissioners
2 shall levy such tax upon the assessed valuation of all
3 property within the district, in addition to such other
4 taxes as may be levied by such board of county
5 commissioners, at the rate so fixed and determined;
6 provided, however, that said assessment and tax levied
7 under the provisions of this act shall not be construed as
8 being a part of the general county mill levy. The amount to
9 be raised under this section may include an amount for
10 major maintenance projects for any critical aging
11 irrigation infrastructure project as identified by the
12 Wyoming water development office, provided that the annual
13 amount directed for major maintenance shall not exceed ten
14 percent (10%) of the annual amount raised under this
15 section. All amounts assessed for major maintenance
16 projects shall be held in a separate major maintenance
17 account and funds in the account may be invested in the
18 local government investment pool as provided in W.S. 9-1-
19 419 to the extent eligible under W.S. 9-1-419 and the rules
20 adopted under that section.

21

1 **41-7-402. Due dates; annual budget of district;**
2 **hearings on budget; petition for additional funds; hearings**
3 **on petition.**

4
5 (a) Assessments to meet expenses of any current year
6 of any district shall become due, payable and delinquent at
7 such time or times each year as may be fixed by law for
8 state and county taxes to become due, payable and
9 delinquent. Commissioners having charge of any irrigation
10 district shall on or before the first Tuesday of June of
11 each year file with the clerk of the court having
12 jurisdiction of such district, a report showing an itemized
13 estimate of the money to be raised by assessment within the
14 district for the purpose of constructing new work,
15 maintenance and to meet the yearly current expenses of the
16 district. In addition to the amount above provided, the
17 commissioners may add a sum which in their judgment shall
18 be sufficient to provide for possible delinquencies. Within
19 thirty (30) days after filing such annual report, at a time
20 and place to be fixed by the court or a judge thereof, the
21 judge shall examine such report, hear all objections
22 thereto, fix and determine the amount to be raised by
23 assessments for the current year and cause such

1 adjudication to be entered of record in said court and a
2 certified copy thereof to be delivered to the commissioners
3 of such district. The commissioners shall add thereto such
4 amount as may be necessary to meet the principal and
5 interest on lawful indebtedness of the district maturing
6 during the current year, together with a sum which in their
7 judgment shall be sufficient to provide for possible
8 delinquencies. When thus completed it shall be known as
9 "the budget of district for the year (year)" and also
10 be verified under oath by any one (1) of the commissioners.

11 The amount to be raised under this subsection may also
12 include an amount for major maintenance projects for any
13 critical aging irrigation infrastructure project as
14 identified by the Wyoming water development office,
15 provided that the annual amount directed for major
16 maintenance shall not exceed ten percent (10%) of the
17 annual amount raised under this subsection. All amounts
18 assessed for major maintenance projects shall be held in a
19 separate major maintenance account and shall be pooled
20 until the amount in the account is sufficient to provide
21 funding for the major maintenance project. Funds in the
22 major maintenance account may be invested in the local
23 government investment pool as provided in W.S. 9-1-419 to

1 the extent eligible under W.S. 9-1-419 and the rules
2 adopted under that section.

3

4 **41-8-121. Assessments generally.**

5

6 (a) The board of directors shall, on or before the
7 third Monday in July of each year, certify to the board of
8 county commissioners of the county within the watershed
9 improvement district in which assessed land is located the
10 amount of the annual installments of assessments against
11 the land, together with a fair proportionate amount of the
12 estimated operating and maintenance charges apportioned to
13 the land for the next succeeding year. Thereupon the county
14 commissioners shall certify to and deliver the assessment
15 roll to the county assessor of the county and the county
16 assessor shall extend the amounts so certified on the tax
17 roll as a flat special assessment against the land
18 benefited. The assessments shall be subject to the same
19 interest and penalties in case of delinquency as in the
20 case of general taxes, and shall be collected at the same
21 time and in the same manner as in the case of general
22 taxes; provided, that the assessments shall become due and
23 payable only at the times and in the amounts as may be

1 determined by the board of directors. The amount to be
2 raised under this subsection may also include an amount for
3 major maintenance projects for any critical aging
4 irrigation infrastructure project as identified by the
5 Wyoming water development office, provided that the annual
6 amount directed for major maintenance shall not exceed ten
7 percent (10%) of the annual amount raised under this
8 subsection. All amounts assessed for major maintenance
9 projects shall be held in a separate major maintenance
10 account and shall be pooled until the amount in the account
11 is sufficient to provide funding for the major maintenance
12 project. Funds in the major maintenance account may be
13 invested in the local government investment pool as
14 provided in W.S. 9-1-419 to the extent eligible under W.S.
15 9-1-419 and the rules adopted under that section.

16

17 **Section 2.** This act is effective July 1, 2026.
