

## STATE of WYOMING LEGISLATURE

# Memorandum

**DATE** March 6, 2026

**TO** Members, Management Council

**FROM** Senator Cale Case, Co-Chairman & Representative Webber, Co-Chairman

**SUBJECT** 2026 Interim Topics for Consideration by the Select Committee on Legislative Facilities, Technology & Process

In response to the letter from Management Council Chairman Bo Biteman and Vice-Chairman Chip Neiman, this memorandum represents the “letter of support” for the Select Committee's 2026 interim topics. The following topics, as prioritized by the Select Committee’s Co-Chairmen, are requested to be approved by the Management Council for study and consideration at up to two (2) one (1) day meetings during the 2026 interim:

### **2026 Interim Topics**

#### **Priority #1: General Responsibilities Relating to Legislative Technology**

The Select Committee will review the Wyoming Legislature’s use of technology, including but not limited to reviewing and updating, as necessary, the Legislature’s current information strategy to guide technology development for the legislative branch. The committee may also participate in the selection of new legislator laptops.

#### **Priority #2: General Responsibilities Relating to Legislative Process**

Review and recommend rule and process changes and other innovations to enhance the efficient, open and transparent operations of the Legislature.

#### **Priority #3: Wyoming Public Television Tower System**

The committee will be provided with a system overview, statewide tower map, and information outlining Wyoming Public Television’s role in emergency alert distribution and statewide service coverage. This topic would provide a general overview of the system’s scope, structure and operational role across Wyoming.

#### **Priority #4: Facilities Issues**

The Select Committee will coordinate, as needed, with the Capitol Square Exhibit and Wayfinding Subcommittee regarding facilities issues in legislative space.

We look forward to discussing these proposed topics with the members of Management Council.
