WYOMING GAME AND FISH COMMISSION

CHAPTER 28

REGULATION GOVERNING BIG OR TROPHY GAME ANIMAL OR GAME BIRD DAMAGE CLAIMS

W.S. § 23-1-302 (a) (xxii) provides the Commission the authority to promulgate such orders as the Commission considers necessary to carry out the intent of this act.

W.S. § 23-1-901 stipulates the process for owners of damaged property to report damages caused by big or trophy game or game birds.

House Enrolled Act #117, Sixty-Fourth Legislature of the State of Wyoming, 2017 General Session, provides for amendments to W.S. § 23-1-901 (g) and (h) which empowers the Commission to establish rules to allow a property owner to request that an area of land adjacent to the area described in W.S. § 23-1-101 (a) (xii) (B) (I) or (II) be designated as an area where property owners are eligible for damage compensation for damage caused by gray wolves. This act is effective July 1, 2017.

Throughout this draft regulation, language has been added to various Sections to include “gray wolf in accordance with W. S. § 23-1-901 (g) and (h)”. This reference allows a claimant to request damage compensation for gray wolf damage to livestock on land adjacent to the area described in W.S. § 23-1-101 (a) (xii) (B) (I) or (II) in accordance with statutory and regulatory provisions. “Gray Wolf” will also be added to the title of this regulation.

Section 2, Definitions. The definitions of “Claimant, Confirmed by the Department or its Representative, Consequential Damages, Damage, Investigated by the Department and Verified Claim” are being modified to include new statutory provisions. The term “Contiguous Tract of Land” is being defined for clarity and the term “Trophy Game Animals” is being modified.

Section 3, Damage to Livestock by Trophy Game Animals. Reference is being made to the new provisions in W.S. § 23-1-901 (g) and (h) and outlines a process for a claimant to request damage compensation for damage caused by gray wolves on land adjacent to the area described in W.S. § 23-1-101 (a) (xii) (B) (I) or (II).

Section 5, Notification of Damage and Filing of Damage Claims. A new subsection (e) is provided which addresses mail delivery services not being considered agents of the Department and the Department not assuming responsibility for delivery of a verified claim in a timely manner from such services.

Section 9, Verified Claim Requirements. A new subsection (o) is provided that requires a verified claim to include whether the claimant is applying for damage compensation per W.S. § 23-1-901.

Minor grammatical and formatting edits have been incorporated to provide additional clarity but do not change the intent of the rules and regulations

TO: David Dewald, Senior Assistant Attorney General

FROM: Mike Choma, Wildlife Law Enforcement Supervisor

COPY TO: Brian Nesvik, Scott Edberg, Doug Brimeyer and Terri Weinhandl

SUBJECT: Regulation Changes Made as a Result of Public Comment, Chapter 28,
Regulation Governing Big or Trophy game Animal or Game Bird or Gray Wolf
Damage Claims

The Wyoming Game and Fish Department (Department) conducted nine public meetings across the state to present this draft regulation proposal to the public. The draft proposal was also available for viewing and public comment through the Department website. As a result of these efforts, the Department received six individual written comments regarding this regulation.

Three comments were in support of the draft regulation proposal and three comments did not address the proposed changes to this regulation.

After consideration of all public comments received, the Commission made no changes to the draft regulation for gray wolf hunting seasons.

Please NO Trophy hunting of big game or birds. These are our natural resources and should be left alone. Have you ever just gone out and looked at nature in its beauty and wildness. It is breathtaking and we need to preserve it. Thank you

I would like to see all damage claims limited to damage that occurs on private property. If livestock producers are going to graze on public lands inhabited by public wildlife then the risk of damage is an inherent risk and should not be compensated for.

CHAPTER 28

REGULATION GOVERNING BIG OR TROPHY GAME ANIMAL OR GAME BIRD OR GRAY WOLF DAMAGE CLAIMS

Section 1. Authority. This regulation is promulgated by authority of Wyoming Statutes § 23-1-101, § 23-1-102, § 23-1-302, § 23-1-304 and § 23-1-901.

Section 2. Definitions. Definitions shall be as set forth in Title 23, Wyoming Statutes, Commission regulations, and the Commission also adopts the following definitions:

(a) “Authorized hunting seasons” means any hunting season during the twelve (12) month period immediately preceding the date when the claimant filed the verified claim with the Office of the Department that is established by Commission regulation, including Depredation Prevention Hunting Seasons and kill permits, for the harvest of the species of big game animals, trophy game animals, or game birds for which the verified claim was filed.

(b) “Award” means compensation for damage offered to a claimant by the Department.

(c) “Board” means a board of arbitrators.

(d) “Claimant” means any landowner, lessee, agent or property owner whose livestock, bees, hives or honey have been damaged or killed by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h); or, whose land, growing cultivated crops, stored crops, seed crops, or improvements have been damaged by big game animals or game birds; or, whose grass has been extraordinarily damaged by big game animals or game birds.

(e) “Commercial garden” means a business that grows fruits or vegetables for commercial sale.

(f) “Commercial nursery” means a business that grows or stores trees, shrubs or plants solely for commercial sale and that is required under W.S. § 39-15-106 to be licensed with the Wyoming Department of Revenue to collect and remit sales and use tax.

(g) “Commercial orchard” means a business that grows trees for fruit or nut production for commercial sale.

(h) “Confirmed by the Department or its representative” means the Department or its representative conducted an inspection or investigation of the damage and determined the damage was more likely than not caused by a big or trophy game animal or game bird, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h).

(i) “Contiguous tract of land” means one parcel of fee title land, including land that may be divided by a public road, highway or railroad right of way, which is entirely owned by a private landowner or corporation.

(j) “Consequential damages” means damage, loss, or injury that does not flow directly and immediately from the act of the big game animal, trophy game animal or game bird, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), but only from some of the consequences or results of such act. Consequential damages include, but are not necessarily limited to, future or anticipated production (except as otherwise provided in this regulation for young of the year livestock), sentimental value, and labor or equipment costs to remove damaged property.

(k) “Damage” means actual damage to land, growing cultivated crops, stored crops, seed crops or improvements that is caused by big game animals or game birds, and sworn by the claimant on the verified claim to have occurred; or extraordinary damage to grass that is caused by big game animals or game birds and sworn by the claimant on the verified claim to have occurred; or actual damage to livestock or bees including honey and hives, that is caused by trophy game animals, or gray wolves in accordance with § 23-1-901 (g) and (h), and sworn by the claimant on the verified claim to have occurred. Damage shall not include damage to other real or personal property including, but not necessarily limited to: other vegetation or animals; motor vehicles; structures; damages caused by animals other than big game animals, trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h); diseases; lost profits; consequential damages; or, any other damages whatsoever that are not specified in this regulation.

(l) “Disinterested arbitrator” means an elector residing in the county where the damage occurred, who is capable of making a reasoned and unbiased decision based on evidence presented to the Board by the claimant and the Department.

(m) “Extraordinary damage to grass” means the loss or harm as proven by the landowner, lessee, or agent that significantly exceeds the usual, customary or average use of non-cultivated grass plants of the Family Graminae.

(n) “Growing cultivated crops” means crops or other vegetation that are grown on privately owned or leased land and harvested or utilized annually for commercial sale or to feed livestock, or for human consumption. “Growing cultivated crops” can include grasses and legumes maturing for harvest, small grains, row crops and vegetables, plants grown in commercial nurseries, commercial orchards, commercial gardens, and native hay meadows that are managed for hay or livestock forage. If the crop is not harvested or utilized annually, it is not a growing cultivated crop unless it requires more than one (1) year to become established and ready for harvest. “Growing cultivated crops” do not include rangelands managed for livestock forage, or products of nurseries, orchards, and gardens that are not intended for commercial sale.

(o) “Hearing” means a procedurally correct arbitration hearing as described in Section 8 of this Regulation that shall be conducted in such manner as to afford the claimant and

the Department the opportunity to present, examine, and cross-examine all witnesses and other forms of evidence presented to the Board.

(p) “Hives” means an artificial structure designed and constructed specifically for housing bees.

(q) “Improvements” means a valuable addition made to real estate to increase the productivity or value of land, including fences and man made structures erected or windbreaks or shelterbelts planted on privately owned or leased land to enhance or improve crop or livestock production or grazing management or as a protection for livestock. Improvements shall not include windbreaks or shelterbelts, if they are not planted solely to enhance or improve crop production or grazing management or as a protection for livestock.

(r) “Investigated by the Department” means an inspection determined by the Department to be a reasonable assessment of the damage caused by big or trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h).

(s) “Kill permit” means a permit authorized by a Game and Fish Commissioner and the Chief Game Warden granting authority to take big game animals, trophy game animals or game birds that are causing substantial damage to property.

(t) “Land” means soil on privately owned or leased land.

(u) “Lessee” means a person who leases fee title land or State land for agricultural purposes.

(v) “More likely than not” means evidence reasonably tending to support the conclusion. Evidence that is competent, relevant, and material, and which to a rational and impartial mind naturally leads, or involuntarily leads to conclusion for which there is valid, just and reasonable substantiation.

(w) “Office of the Department” means the Wyoming Game and Fish Department, 5400 Bishop Blvd., Cheyenne, Wyoming 82006-0001 or the Wyoming Game and Fish Department, 3030 Energy Lane, Casper, Wyoming 82604.

(x) “Permitted hunting during authorized hunting seasons” means permitted hunting as described in Section 4 of this regulation.

(y) “Promptly served upon each party” means within ten (10) days following the arbitration hearing, the Board shall serve a written copy of its decision to the Office of the Department and the claimant.

(z) “Property” means livestock or bees, land, growing cultivated crops, stored crops including honey and hives, seed crops, improvements or grass that has been extraordinarily damaged.

(aa) “Reasonable expense charges” means compensation given to an arbitrator while performing duties as an arbitrator that is the same compensation rate afforded to State employees by State statute for per diem and vehicular mileage; and, actual expenses incurred by the arbitrator and documented by receipt including, but not necessarily limited to, telephone calls, paper supplies, and mail service.

(bb) “Reasonable service charges” means reimbursement in the amount of one hundred (\$100) dollars per day for performing duties as an arbitrator.

(cc) “Seed crops” means any crop intentionally planted, managed, and grown in accordance with accepted agricultural practices on privately owned or leased land for the production of seed for future propagation, and that is harvested annually by manual or mechanical means. If the crop is not harvested annually, it shall not be classified as a seed crop unless the crop normally requires an establishment period of longer than one (1) year to be harvested or unless the crop is alfalfa seed or crested wheat grass seed.

(dd) “Stored crops” means crops that have been harvested and saved or stored for future use in accordance with accepted agricultural practices.

(ee) “Supervisor” means Regional Wildlife Supervisor.

(ff) “Trophy game animal” means black bear, grizzly bear or mountain lion, or gray wolf in accordance with W.S. § 23-1-101 (a) (xii) (B) (I) and (II).

(gg) “Value of livestock” means the monetary value of individual livestock on the date the verified claim was filed with the Office of the Department based upon the fair market value on that date for like livestock at a rate substantiated by a livestock sales barn or other credible written valuation of the livestock provided by the claimant. However, the monetary value of young of the year livestock on the date the verified claim was filed with the Office of the Department shall be based upon the fair market value on that date for like livestock at the weaning weight substantiated by a livestock sales barn or other credible written valuation of the livestock provided by the claimant.

(hh) “Verified claim” means a Trophy Game Animal or Gray Wolf (in accordance with W.S. § 23-1-901 (g) and (h)) Damage Claim Affidavit or a Big Game Animal or Game Bird Damage Claim Affidavit that has been signed by the claimant and sworn to be accurate before a person authorized to administer oaths, that has been filed with the Office of the Department and contains all information required in Section 9 of this regulation.

Section 3. Damage to Livestock by Trophy Game Animals or Gray Wolf (in Accordance with W.S. § 23-1-901 (g) and (h)). Except as specified in subsection (a) of this section, the Department shall only offer payment for damage to individual livestock confirmed by the Department or its representative as having been injured or killed by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h).

(a) In geographic areas determined by the Department to have terrain, topography, and vegetative characteristics that influence the ability of the claimant and Department to find

missing calves and sheep that are believed to have been damaged as a result of a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), the Department shall utilize the methods, factors and formulas in this subsection to determine the amount to compensate any landowner, lessee or agent for calves and sheep missing as a result of such damage.

(i) Any claimant whose verified claim is for missing sheep or calves believed to have been damaged as a result of a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), shall include on his verified claim the total known death loss, including missing animals, for the sheep or calves for the grazing season together with the number of such losses known to be due to causes other than damage by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h).

(ii) Notwithstanding the use of the formulas in this section, the Department shall not offer compensation for more than the total known death loss less the number of such losses known to be due to causes other than damage by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h). In order to utilize any formula, the Department or its representative must have confirmed the claimant had at least one (1) calf or one (1) sheep injured or killed by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h).

(A) Calves and sheep in areas occupied by grizzly bears. To determine the amount of compensation due to a claimant for calves and sheep believed to be missing as a result of being damaged by a black bear, grizzly bear, or mountain lion in areas occupied by grizzly bears, the Department shall utilize the following formula:

(I) Number of individual calves or sheep confirmed by the Department or its representative killed by a black bear, grizzly bear, or mountain lion multiplied by three and one-half (3.5) multiplied by the value of livestock equals the amount of compensation.

(II) Sheep in areas not occupied by grizzly bears. To determine the amount of compensation due to a claimant for sheep believed to be missing as a result of being damaged by a black bear or mountain lion in areas not occupied by grizzly bears, the Department shall utilize the following formula:

(III) Number of individual sheep confirmed by the Department or its representative killed by a black bear or mountain lion multiplied by three (3) multiplied by the value of livestock equals the amount of compensation.

(iii) Sheep in areas set forth by Commission regulation where gray wolves are designated as trophy game animals, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h). To determine the amount of compensation due to a claimant for sheep believed to be missing as a result of being damaged by gray wolves, in areas occupied by gray wolves, the Department shall utilize the following formula:

(A) Number of individual sheep confirmed by the Department or its representative killed by a gray wolf multiplied by seven (7) multiplied by the value of livestock equals the amount of compensation.

(iv) Calves in areas set forth by Commission regulation where gray wolves are designated as trophy game animals, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h). To determine the amount of compensation due to the claimant for calves believed to be missing as a result of being damaged by gray wolves, in area occupied by gray wolves, the Department shall utilize the following formula:

(A) Number of individual calves confirmed by the Department or its representative killed by gray wolves multiplied by seven (7) multiplied by the value of livestock equals the amount of compensation.

(b) Veterinary costs for the treatment of individual livestock that have been injured by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), shall be considered up to a maximum amount that is not to exceed the value of the livestock injured, only in cases where a licensed veterinarian believes the individual livestock in question had a reasonable chance to survive and return to a productive state. If the individual livestock died as a result of an injury inflicted by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), even though the livestock received veterinary care, payment shall only be made up to a maximum of the value of the livestock.

(c) Any claimant who has sustained gray wolf damage located in the area described in W.S. § 23-1-901 (g) and (h) shall be eligible for damage compensation. Each time a claimant reports gray wolf damage to the Department, pursuant to W.S. § 23-1-901 (g) and (h), the claimant shall acknowledge:

(i) The adjacent area of land is outside the area described in W.S. § 23-1-101 (a) (xii) (B) (I) or (II);

(ii) The adjacent area of land is part of a contiguous tract of land a portion of which is currently located within the boundaries described in W.S. § 23-1-101 (a) (xii) (B) (I) or (II);

(iii) The adjacent area of land is privately owned;

(iv) The private landowner of the adjacent area of land consents to the designation;

(v) The designation of the adjacent area of land shall not subtract from or diminish the area described in W.S. § 23-1-101 (a) (xii) (B) (I) or (II).

Section 4. Permitted Hunting During Authorized Hunting Seasons.

(a) A landowner shall not be eligible to receive an award for damage caused by big game animals, trophy game animals, or game birds unless the landowner has permitted hunting during authorized hunting seasons for the species for which the verified claim has been filed on his privately owned or leased land and adjoining Federal or State land within the herd unit in which the damage occurred in accordance with this section. For an award to be allowed, the landowner shall permit hunting during authorized hunting seasons delineated in subsection (i) (A) if the species of big game animals, trophy game animals, or game birds for which the verified claim was filed were present on the landowner's privately owned or leased land and adjoining Federal or State land during authorized hunting seasons delineated in subsection (i) (A). If the species of big game animals, trophy game animals, or game birds for which the verified claim has been filed were not present on the landowner's privately owned or leased land and adjoining Federal or State land during the authorized hunting seasons as delineated in subsection (i) (A), for an award to be allowed the landowner shall permit hunting during authorized hunting seasons delineated in (i) (B) and (i) (C) if requested by the Department. The landowner shall permit hunting during authorized hunting seasons delineated in (i) (B) and (i) (C) without access fees to hunters or the Department.

(i) Authorized hunting seasons include:

(A) Hunting seasons as established by Wyoming Game and Fish Commission rule and regulation;

(B) Depredation prevention hunting seasons as approved by a District Wyoming Game and Fish Commissioner and the Chief Game Warden; or,

(C) Lethal taking of wildlife through a kill permit as approved by a District Wyoming Game and Fish Commissioner and the Chief Game Warden.

(b) The Department shall determine if the landowner permitted hunting during authorized hunting seasons for the species of big game animals, trophy game animals, or game birds for which the verified claim has been filed. For an award to be allowed, the Department shall have to determine the landowner allowed sufficient numbers of hunters to access his privately owned or leased land and adjoining Federal or State land to harvest more than the number of big game animals, trophy game animals or game birds recruited in the preceding twelve (12) months into the segment of the population responsible for doing damage. The landowner shall contact the game warden to whom he reported the damage to determine how many big game animals, trophy game animals, or game birds meets the requirement of more than the number of big game animals, trophy game animals or game birds recruited in the preceding twelve (12) months into the segment of the population responsible for doing damage. An award may be allowed if the Department determines a reduction in big game animals, trophy game animals or game birds affects the Department's ability to sustain the population at the objective the Commission has established for the herd unit.

Section 5. Notification of Damage and Filing of Damage Claims.

(a) Any claimant who has incurred damage as defined in Section 2 of this Regulation shall report the damage to the nearest game warden, supervisor, or Commission member within fifteen (15) consecutive days following the date damage was discovered. If the claimant intends to take actions that prevent the damage being investigated by the Department, such as harvest of damaged crops or removal of damaged livestock, the claimant shall notify the nearest game warden, supervisor, or Commission member as soon as reasonably possible after discovery of the damage so the damage can be investigated by the Department prior to removal, harvest, modification, or destruction of the damaged property; however, in no case shall the claimant take actions that preclude the damage being investigated by the Department. If the claimant denies or precludes the damage being investigated by the Department, the Department shall deny the verified claim.

(b) The claimant shall present a verified claim in accordance with Section 9 of this regulation to the Office of the Department within sixty (60) consecutive days following the date the last item of damage was discovered.

(i) For verified claims of damage to individual livestock by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), the sixty-day (60) period shall commence from the last date the livestock were present on the grazing allotment or geographic location where the damage occurred;

(ii) For verified claims of damage to bees, honey, and hives by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), the sixty (60) day period shall commence from the last date damage occurred or from the last date the bees, honey, or hives were present on the location where the damage occurred, whichever date occurs first; and,

(iii) For verified claims of damage to land, growing cultivated crops, seed crops, stored crops, improvements, or extraordinary damage to grass by big game animals or game birds, the sixty (60) day period shall commence from the last date the growing cultivated crop or seed crop was harvested or the land, stored crops, or improvements were damaged or the extraordinary damage to grass occurred.

(c) If a claimant chooses to appeal the Department's decision regarding a verified claim to the Commission, the claimant shall file a written appeal that is received by the Office of the Department within thirty (30) consecutive days from the date the claimant received the Department's notification of its decision on the verified claim.

(d) The claimant shall have no right of appeal to the Commission of the Department's denial of the claim if based upon the information provided by the claimant in the verified claim, the claimant failed to comply with subsection (a) or (b) of this section. The claimant shall have no right of appeal to the Commission of the Department's decision on a verified claim if the claimant failed to comply with subsection (c) of this section.

(e) The U.S. Postal Service or any other mail delivery service providers are not agents of the Department. Therefore, the Department cannot assume responsibility for mail delivery to the Department. It is the claimant's responsibility to assure the delivery of a verified claim to the Office of the Department.

Section 6. Investigation and Payment of Verified Claims.

(a) When investigating damage claims, the Department shall utilize the standard of "more likely than not" in determining whether or not the damage was the result of big or trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h).

(b) The Department shall consider damage that was discovered by the claimant and reported to the nearest game warden, supervisor or Commission member within fifteen (15) consecutive days after the date the damage was discovered. Any damage that was reported more than fifteen (15) consecutive days after the date it was discovered by the claimant shall not be considered by the Department as damage under this regulation.

(c) The Department shall investigate the verified claim and either reject the claim or provide for full or partial payment to the claimant within ninety (90) consecutive days following the date the Office of the Department received the verified claim.

Section 7. Reasons for Denial of a Verified Claim.

(a) The Department shall deny the verified claim for any of the reasons specified in this subsection.

(i) The claimant did not report the damage to the nearest game warden, supervisor or Commission member within fifteen (15) consecutive days after the date the damage was discovered. Any damage that was reported more than fifteen (15) consecutive days after the date it was discovered by the claimant shall not be considered by the Department as damage under this regulation.

(ii) The damage was caused by animals or wildlife other than big game animals, trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h).

(iii) The big or trophy game animals or game birds causing damage were on the landowner's privately owned or leased land and adjoining Federal or State land during authorized hunting seasons as specified in Section 4 (a) (i) (A), and the landowner did not permit hunting in accordance with Section 4 (a) of this regulation.

(iv) The big or trophy game animals or game birds causing damage were not on the landowner's privately owned or leased land and adjoining Federal or State land during authorized hunting seasons as specified in Section 4 (a) (i) (A), and the landowner would not agree to the Department's implementation of a depredation prevention hunting season as

specified in Section 4 (a) (i) (B) or insisted on charging an access fee to hunters to participate in a depredation prevention hunting season as specified in Section 4(a).

(v) The big or trophy game animals or game birds causing damage were not on the landowner's privately owned or leased land and adjoining Federal or State land during authorized hunting seasons as specified in Section 4 (a) (i) (A), and the landowner would not agree to the Department's implementation of a kill permit as specified in Section 4 (a) (i) (C) or insisted on charging an access fee to the Department to implement a kill permit as specified in Section 4 (a).

(vi) The verified claim was for property not defined as property in Section 2 of this regulation.

(vii) The claimant was compensated by crop or livestock insurance or a Federal subsidy program for the property damaged to the extent the claimant received compensation under that insurance or program.

(viii) The claimant did not present a verified claim complete with all required information specified in Section 9 of this regulation to the Office of the Department within sixty (60) days after the damage or last item of damage was discovered by the claimant.

(ix) The verified claim was for consequential damages.

(x) Hunting was not permitted during authorized hunting seasons on land in a platted subdivision where the damage occurred due to the actions of a municipal or county ordinance, or homeowners' association covenant prohibiting the discharge of firearms.

(xi) Due to actions of the claimant, the damage was not investigated by the Department.

(xii) The landowner prevented the Department's attempts to mitigate or alleviate the damage through such actions as moving the big or trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h) responsible for the damage or the claimant refused to utilize fencing materials provided by the Department to protect stored crops, including honey and hives.

Section 8. Arbitration.

(a) If the claimant wishes to appeal the Commission's decision regarding a verified claim, the claimant shall file a written call for arbitration with the Office of the Department within ninety (90) consecutive days from the date the claimant received written notice from the Office of the Department of the Commission's decision.

(b) If the claimant calls for arbitration, the claimant and the Office of the Department shall each appoint a disinterested arbitrator within fifteen (15) consecutive days from the date the Office of the Department received the written call for arbitration.

(c) When the claimant and the Office of the Department appoint arbitrators, written notification of the name, mailing address, and telephone number of arbitrators shall be made by each party to the other within fifteen (15) consecutive days from the date the Office of the Department received the written call for arbitration.

(d) Within twenty (20) consecutive days after their appointment, the two (2) arbitrators shall appoint a third arbitrator. The two (2) arbitrators selected shall notify both the claimant and the Office of the Department in writing of the name, mailing address, and telephone number of the third arbitrator selected. If the third arbitrator is not appointed within this time period, the judge of the district court of the county or the court commissioner in the absence of the judge shall appoint the third arbitrator upon the application of either arbitrator.

(e) The three (3) arbitrators shall appoint a chairman who shall chair the Board and serve as secretary to carry out the correspondence of the Board.

(f) At least twenty (20) consecutive days before the hearing, the Board shall provide the claimant and the Office of the Department written notice of the time and place in the county when and where the testimony of the claimant and the Department shall be heard and the claim investigated and decided by the Board.

(g) Following the arbitration hearing, the Board shall within ten (10) days provide a written copy of its decision to the Office of the Department and the claimant.

(h) Unless otherwise specified in this section, the Uniform Arbitration Act, W.S. § 1-36-101 et seq. shall apply to the hearing.

(i) The decision of the Board shall become part of the Office of the Department's file and shall be made part of the record in the event of an appeal of the Board's decision and any appeal to district court shall be conducted in conformity with the Uniform Arbitration Act, W.S. § 1-36-114 (a) or W.S. § 1-36-115.

Section 9. Verified Claim Requirements. The verified claim required by W.S. § 23-1-901 (b) shall be submitted on the form prescribed by the Department. The verified claim shall contain the following information:

(a) A description of the land on which the damage occurred, including the legal description (section, range, township), the county in which the land is located, and whether the land is privately owned, leased, or federally owned;

(b) Whether the claimant is the landowner, lessee, or agent of the landowner or lessee;

(c) A description of individual livestock, including the number, age class and sex if known, or description of bees, including honey and hives, damaged or killed by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h);

(d) A description of the land, growing cultivated crops, stored crops, seed crops, or improvements damaged by a big game animal or game bird; or a description of the grass extraordinarily damaged by a big game animal or game bird;

(e) Competent, relevant and material evidence provided by the claimant that a big game animal, trophy game animal or game bird, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h) caused the damage;

(f) The dates during which damage took place, to include the specific date the damage was discovered by the claimant and the specific date the damage ended;

(g) The amount and value of livestock or property damaged, including all calculations and evidence supporting the value determination;

(h) The species and number, if known, of big or trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h) that caused the damage;

(i) The name of the game warden, supervisor or Commission member to whom the claimant reported the damage and the specific date it was reported;

(j) Information to allow the Department to determine whether or not the landowner permitted hunting during authorized hunting seasons for the species causing damage in accordance with Section 4 of this regulation;

(k) Information as to whether or not an access fee was charged by the claimant for permitting hunting during authorized hunting seasons for the species of big game animal, trophy game animal or game bird for which the verified claim was filed; the total amount of access fee charged per hunter; and, the total number of hunters permitted to hunt during authorized hunting seasons for the species causing damage;

(l) Information by which the Office of the Department can recognize the claimant signed and swore before a person authorized to administer oaths (notarized) the verified claim to be accurate;

(m) For verified claims for calves and sheep missing as a result of damage by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), the total known death loss, including missing animals, for the sheep or calves for the grazing season together with the number of such losses known to be due to causes other than damage by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h);

(n) Information to indicate if all or what portion of the property damaged was compensated for by crop or livestock insurance or a Federal subsidy program to the extent the claimant received compensation under that insurance or program; and,

(o) Whether the claimant is applying for damage compensation per W.S. § 23-1-901(g) and (h).

(p) The claimant may submit additional supporting information, which shall be considered as part of the verified claim.

~~WYOMING GAME AND FISH COMMISSION~~

CHAPTER 28

REGULATION GOVERNING BIG OR TROPHY GAME ANIMAL OR GAME BIRD OR GRAY WOLF DAMAGE CLAIMS

Section 1. Authority. This regulation is promulgated by authority of ~~W.S.~~Wyoming Statutes § 23-1-101, § 23-1-102, § 23-1-302, § 23-1-304 and § 23-1-901.

Section 2. Definitions. Definitions shall be as set forth in Title 23, Wyoming Statutes, Commission regulations, and the Commission also adopts the following definitions:

(a) “Authorized hunting seasons” means any hunting season during the twelve (12) month period immediately preceding the date when the claimant filed the verified claim with the Office of the Department that is established by Commission regulation, including Depredation Prevention Hunting Seasons and kill permits, for the harvest of the species of big game animals, trophy game animals, or game birds for which the verified claim was filed.

(b) “Award” means compensation for damage offered to a claimant by the Department.

(c) “Board” means a board of arbitrators.

(d) “Claimant” means any landowner, lessee, ~~or agent~~ or property owner whose livestock, bees, hives or honey have been damaged or killed by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h); or, whose land, growing cultivated crops, stored crops, seed crops, or improvements have been damaged by big game animals or game birds; or, whose grass has been extraordinarily damaged by big game animals or game birds.

(e) “Commercial garden” means a business that grows fruits or vegetables for commercial sale.

(f) “Commercial nursery” means a business that grows or stores trees, shrubs or plants solely for commercial sale and that is required under W.S. § 39-15-106 to be licensed with the Wyoming Department of Revenue to collect and remit sales and use tax.

(g) “Commercial orchard” means a business that grows trees for fruit or nut production for commercial sale.

(h) “Confirmed by the Department or its representative” means the Department or its representative conducted an inspection or investigation of the damage and determined the damage was more likely than not caused by a big or trophy game animal or game bird, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h).

(i) “Contiguous tract of land” means one parcel of fee title land, including land that may be divided by a public road, highway or railroad right of way, which is entirely owned by a private landowner or corporation.

(ij) “Consequential damages” means damage, loss, or injury that does not flow directly and immediately from the act of the big game animal, trophy game animal or game bird, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), but only from some of the consequences or results of such act. Consequential damages include, but are not necessarily limited to, future or anticipated production (except as otherwise provided in this regulation for young of the year livestock), sentimental value, and labor or equipment costs to remove damaged property.

(jk) “Damage” means actual damage to land, growing cultivated crops, stored crops, seed crops or improvements that is caused by big game animals or game birds, and sworn by the claimant on the verified claim to have occurred; or, extraordinary damage to grass that is caused by big game animals or game birds and sworn by the claimant on the verified claim to have occurred; ~~and~~ or actual damage to livestock or bees including honey and hives, that is caused by trophy game animals, or gray wolves in accordance with § 23-1-901 (g) and (h), and sworn by the claimant on the verified claim to have occurred. Damage shall not include damage to other real or personal property including, but not necessarily limited to: other vegetation or animals; motor vehicles; structures; damages caused by animals other than big game animals, trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h); diseases; lost profits; consequential damages; or, any other damages whatsoever that are not specified in this regulation.

(kl) “Disinterested arbitrator” means an elector residing in the county where the damage occurred, who is capable of making a reasoned and unbiased decision based on evidence presented to the Board by the claimant and the Department.

(~~lm~~) “Extraordinary damage to grass” means the loss or harm as proven by the landowner, lessee, or agent that significantly exceeds the usual, customary or average use of non-cultivated grass plants of the Family Graminae.

(~~mn~~) “Growing cultivated crops” means crops or other vegetation that are grown on privately owned or leased land and harvested or utilized annually for commercial sale or to feed livestock, or for human consumption. “Growing cultivated crops” can include grasses and legumes maturing for harvest, small grains, row crops and vegetables, plants grown in commercial nurseries, commercial orchards, commercial gardens, and native hay meadows that are managed for hay or livestock forage. If the crop is not harvested or utilized annually, it is not a growing cultivated crop unless it requires more than one (1) year to become established and ready for harvest. “Growing cultivated crops” do not include rangelands managed for livestock forage, or products of nurseries, orchards, and gardens that are not intended for commercial sale.

(~~no~~) “Hearing” means a procedurally correct arbitration hearing as described in Section 8 of this Regulation that shall be conducted in such manner as to afford the claimant and

the Department the opportunity to present, examine, and cross-examine all witnesses and other forms of evidence presented to the Board.

(~~op~~) “Hives” means an artificial structure designed and constructed specifically for housing bees.

(~~pq~~) “Improvements” means a valuable addition made to real estate to increase the productivity or value of land, including fences and man made structures erected or windbreaks or shelterbelts planted on privately owned or leased land to enhance or improve crop or livestock production or grazing management or as a protection for livestock. Improvements shall not include windbreaks or shelterbelts, if they are not planted solely to enhance or improve crop production or grazing management or as a protection for livestock.

(~~qr~~) “Investigated by the Department” means an inspection determined by the Department to be a reasonable assessment of the damage caused by big or trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h).

(~~rs~~) “Kill permit” means a permit authorized by a Game and Fish Commissioner and the Chief Game Warden granting authority to take big game animals, trophy game animals or game birds that are causing substantial damage to property.

(~~st~~) “Land” means soil on privately owned or leased land.

(~~tu~~) “Lessee” means a person who leases fee title land or State land for agricultural purposes.

(~~uv~~) “More likely than not” means evidence reasonably tending to support the conclusion. Evidence that is competent, relevant, and material, and which to a rational and impartial mind naturally leads, or involuntarily leads to conclusion for which there is valid, just and reasonable substantiation.

(~~vw~~) “Office of the Department” means the Wyoming Game and Fish Department, 5400 Bishop Blvd., Cheyenne, Wyoming 82006-0001 or the Wyoming Game and Fish Department, 3030 Energy Lane, Casper, Wyoming 82604.

(~~wx~~) “Permitted hunting during authorized hunting seasons” means permitted hunting as described in Section 4 of this regulation.

(~~xy~~) “Promptly served upon each party” means within ten (10) days following the arbitration hearing, the Board shall serve a written copy of its decision to the Office of the Department and the claimant.

(~~yz~~) “Property” means livestock or bees, land, growing cultivated crops, stored crops including honey and hives, seed crops, improvements or grass that has been extraordinarily damaged.

(~~z~~aa) “Reasonable expense charges” means compensation given to an arbitrator while performing duties as an arbitrator that is the same compensation rate afforded to State employees by State statute for per diem and vehicular mileage; and, actual expenses incurred by the arbitrator and documented by receipt including, but not necessarily limited to, telephone calls, paper supplies, and mail service.

(~~a~~bb) “Reasonable service charges” means reimbursement in the amount of one hundred (\$100) dollars per day for performing duties as an arbitrator.

(~~b~~cc) “Seed crops” means any crop intentionally planted, managed, and grown in accordance with accepted agricultural practices on privately owned or leased land for the production of seed for future propagation, and that is harvested annually by manual or mechanical means. If the crop is not harvested annually, it shall not be classified as a seed crop unless the crop normally requires an establishment period of longer than one (1) year to be harvested or unless the crop is alfalfa seed or crested wheat grass seed.

(~~e~~dd) “Stored crops” means crops that have been harvested and saved or stored for future use in accordance with accepted agricultural practices.

(~~d~~ee) “Supervisor” means Regional Wildlife Supervisor.

(~~e~~ff) “Trophy game animals” means black bear, ~~gray wolf~~, grizzly bear or mountain lion, or gray wolf in accordance with W.S. § ~~23-1-901 (g)~~ 23-1-101 (a) (xii) (B) (I) and (II).

(~~f~~gg) “Value of livestock” means the monetary value of individual livestock on the date the verified claim was filed with the Office of the Department based upon the fair market value on that date for like livestock at a rate substantiated by a livestock sales barn or other credible written valuation of the livestock provided by the claimant. However, the monetary value of young of the year livestock on the date the verified claim was filed with the Office of the Department shall be based upon the fair market value on that date for like livestock at the weaning weight substantiated by a livestock sales barn or other credible written valuation of the livestock provided by the claimant.

(~~g~~hh) “Verified claim” means a Trophy Game Animal or Gray Wolf (in accordance with W.S. § 23-1-901 (g) and (h)) Damage Claim Affidavit or a Big Game Animal or Game Bird Damage Claim Affidavit that has been signed by the claimant and sworn to be accurate before a person authorized to administer oaths, that has been filed with the Office of the Department and contains all information required in Section 9 of this regulation.

Section 3. Damage to Livestock by Trophy Game Animals or Gray Wolf (in Accordance with W.S. § 23-1-901 (g) and (h)). Except as specified in subsection (a) of this section, the Department shall only offer payment for damage to individual livestock confirmed by the Department or its representative as having been injured or killed by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h).

(a) In geographic areas determined by the Department to have terrain, topography, and vegetative characteristics that influence the ability of the claimant and Department to find missing calves and sheep that are believed to have been damaged as a result of a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), the Department shall utilize the methods, factors and formulas in this subsection to determine the amount to compensate any landowner, lessee or agent for calves and sheep missing as a result of such damage ~~caused by a trophy game animal~~.

(i) Any claimant whose verified claim is for missing sheep or calves believed to have been damaged as a result of a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), shall include on his verified claim the total known death loss, including missing animals, for the sheep or calves for the grazing season together with the number of such losses known to be due to causes other than damage by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h).

(ii) Notwithstanding the use of the formulas in this section, the Department shall not offer compensation for more than the total known death loss less the number of such losses known to be due to causes other than damage by a ~~black bear, grizzly bear, mountain lion, or gray wolf in those areas where gray wolves are designated as trophy game animals, or gray wolf~~ in accordance with Commission regulation W.S. § 23-1-901 (g) and (h). In order to utilize any formula, the Department or its representative must have confirmed the claimant had at least one (1) calf or one (1) sheep injured or killed by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h).

(A) Calves and sheep in areas occupied by grizzly bears. To determine the amount of compensation due to a claimant for calves and sheep believed to be missing as a result of being damaged by a black bear, grizzly bear, or mountain lion in areas occupied by grizzly bears, the Department shall utilize the following formula:

(I) Number of individual calves or sheep confirmed by the Department or its representative killed by a black bear, grizzly bear, or mountain lion multiplied by three and one-half (3.5) multiplied by the value of livestock equals the amount of compensation.

(II) Sheep in areas not occupied by grizzly bears. To determine the amount of compensation due to a claimant for sheep believed to be missing as a result of being damaged by a black bear or mountain lion in areas not occupied by grizzly bears, the Department shall utilize the following formula:

(III) Number of individual sheep confirmed by the Department or its representative killed by a black bear or mountain lion multiplied by three (3) multiplied by the value of livestock equals the amount of compensation.

(iii) Sheep in areas set forth by Commission regulation where gray wolves are designated as trophy game animals, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h). To determine the amount of compensation due to a claimant for sheep believed to be

missing as a result of being damaged by gray wolves, in areas occupied by gray wolves, the Department shall utilize the following formula:

(A) Number of individual sheep confirmed by the Department or its representative killed by a gray wolf multiplied by seven (7) multiplied by the value of livestock equals the amount of compensation.

(iv) Calves in areas set forth by Commission regulation where gray wolves are designated as trophy game animals, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h). To determine the amount of compensation due to the claimant for calves believed to be missing as a result of being damaged by gray wolves, in area occupied by gray wolves, the Department shall utilize the following formula:

(A) Number of individual calves confirmed by the Department or its representative killed by gray wolves multiplied by seven (7) multiplied by the value of livestock equals the amount of compensation.

(b) Veterinary costs for the treatment of individual livestock that have been injured by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), shall be considered up to a maximum amount that is not to exceed the value of the livestock injured, only in cases where a licensed veterinarian believes the individual livestock in question had a reasonable chance to survive and return to a productive state. If the individual livestock died as a result of an injury inflicted by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), even though the livestock received veterinary care, payment shall only be made up to a maximum of the value of the livestock.

(c) Any claimant who has sustained gray wolf damage located in the area described in W.S. § 23-1-901 (g) and (h) shall be eligible for damage compensation. Each time a claimant reports gray wolf damage to the Department, pursuant to W.S. § 23-1-901 (g) and (h), the claimant shall acknowledge:

(i) The adjacent area of land is outside the area described in W.S. § 23-1-101 (a) (xii) (B) (I) or (II);

(ii) The adjacent area of land is part of a contiguous tract of land a portion of which is currently located within the boundaries described in W.S. § 23-1-101 (a) (xii) (B) (I) or (II);

(iii) The adjacent area of land is privately owned;

(iv) The private landowner of the adjacent area of land consents to the designation;

(v) The designation of the adjacent area of land shall not subtract from or diminish the area described in W.S. § 23-1-101 (a) (xii) (B) (I) or (II).

Section 4. Permitted Hunting During Authorized Hunting Seasons.

(a) A landowner shall not be eligible to receive an award for damage caused by big game animals, trophy game animals, or game birds unless the landowner has permitted hunting during authorized hunting seasons for the species for which the verified claim has been filed on his privately owned or leased land and adjoining Federal or State land within the herd unit in which the damage occurred in accordance with this section. For an award to be allowed, the landowner shall permit hunting during authorized hunting seasons delineated in subsection (i) (A) if the species of big game animals, trophy game animals, or game birds for which the verified claim was filed were present on the landowner's privately owned or leased land and adjoining Federal or State land during authorized hunting seasons delineated in subsection (i) (A). If the species of big game animals, trophy game animals, or game birds for which the verified claim has been filed were not present on the landowner's privately owned or leased land and adjoining Federal or State land during the authorized hunting seasons as delineated in subsection (i) (A), for an award to be allowed the landowner shall permit hunting during authorized hunting seasons delineated in (i) (B) and (i) (C) if requested by the Department. The landowner shall permit hunting during authorized hunting seasons delineated in (i) (B) and (i) (C) without access fees to hunters or the Department.

(i) Authorized hunting seasons include:

(A) Hunting seasons as established by Wyoming Game and Fish Commission rule and regulation;

(B) Depredation prevention hunting seasons as approved by a District Wyoming Game and Fish Commissioner and the Chief Game Warden; or,

(C) Lethal taking of wildlife through a kill permit as approved by a District Wyoming Game and Fish Commissioner and the Chief Game Warden.

(b) The Department shall determine if the landowner permitted hunting during authorized hunting seasons for the species of big game animals, trophy game animals, or game birds for which the verified claim has been filed. For an award to be allowed, the Department shall have to determine the landowner allowed sufficient numbers of hunters to access his privately owned or leased land and adjoining Federal or State land to harvest more than the number of big game animals, trophy game animals or game birds recruited in the preceding twelve (12) months into the segment of the population responsible for doing damage. The landowner shall contact the game warden to whom he reported the damage to determine how many big game animals, trophy game animals, or game birds meets the requirement of more than the number of big game animals, trophy game animals or game birds recruited in the preceding twelve (12) months into the segment of the population responsible for doing damage. An award may be allowed if the Department determines a reduction in big game animals, trophy game animals or game birds affects the Department's ability to sustain the population at the objective the Commission has established for the herd unit.

Section 5. Notification of Damage and Filing of Damage Claims.

(a) Any claimant who has incurred damage as defined in Section 2 of this Regulation shall report the damage to the nearest game warden, supervisor, or Commission member within fifteen (15) consecutive days following the date damage was discovered. If the claimant intends to take actions that prevent the damage being investigated by the Department, such as harvest of damaged crops or removal of damaged livestock, the claimant shall notify the nearest game warden, supervisor, or Commission member as soon as reasonably possible after discovery of the damage so the damage can be investigated by the Department prior to removal, harvest, modification, or destruction of the damaged property; however, in no case shall the claimant take actions that preclude the damage being investigated by the Department. If the claimant denies or precludes the damage being investigated by the Department, the Department shall deny the verified claim.

(b) The claimant shall present a verified claim in accordance with Section 9 of this regulation to the Office of the Department within sixty (60) consecutive days following the date the last item of damage was discovered.

(i) For verified claims of damage to individual livestock by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), the sixty-day (60) period shall commence from the last date the livestock were present on the grazing allotment or geographic location where the damage occurred;

(ii) For verified claims of damage to bees, honey, and hives by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), the sixty (60) day period shall commence from the last date damage occurred or from the last date the bees, honey, or hives were present on the location where the damage occurred, whichever date occurs first; and,

(iii) For verified claims of damage to land, growing cultivated crops, seed crops, stored crops, improvements, or extraordinary damage to grass by big game animals or game birds, the sixty (60) day period shall commence from the last date the growing cultivated crop or seed crop was harvested or the land, stored crops, or improvements were damaged or the extraordinary damage to grass occurred.

(c) If a claimant chooses to appeal the Department's decision regarding a verified claim to the Commission, the claimant shall file a written appeal that is received by the Office of the Department within thirty (30) consecutive days from the date the claimant received the Department's notification of its decision on the verified claim.

(d) The claimant shall have no right of appeal to the Commission of the Department's denial of the claim if based upon the information provided by the claimant in the verified claim, the claimant failed to comply with subsection (a) or (b) of this section. The claimant shall have no right of appeal to the Commission of the Department's decision on a verified claim if the claimant failed to comply with subsection (c) of this section.

(e) The U.S. Postal Service or any other mail delivery service providers are not agents of the Department. Therefore, the Department cannot assume responsibility for mail

delivery to the Department. It is the claimant's responsibility to assure the delivery of a verified claim to the Office of the Department.

Section 6. Investigation and Payment of Verified Claims.

(a) When investigating damage claims, the Department shall utilize the standard of "more likely than not" in determining whether or not the damage was the result of big or trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h).

(b) The Department shall consider damage that was discovered by the claimant and reported to the nearest game warden, supervisor or Commission member within fifteen (15) consecutive days after the date the damage was discovered. Any damage that was reported more than fifteen (15) consecutive days after the date it was discovered by the claimant shall not be considered by the Department as damage under this regulation.

(c) The Department shall investigate the verified claim and either reject the claim or provide for full or partial payment to the claimant within ninety (90) consecutive days following the date the Office of the Department received the verified claim.

Section 7. Reasons for Denial of a Verified Claim.

(a) The Department shall deny the verified claim for any of the reasons specified in this subsection.

(i) The claimant did not report the damage to the nearest game warden, supervisor or Commission member within fifteen (15) consecutive days after the date the damage was discovered. Any damage that was reported more than fifteen (15) consecutive days after the date it was discovered by the claimant shall not be considered by the Department as damage under this regulation.

(ii) The damage was caused by animals or wildlife other than big game animals, trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h).

(iii) The big or trophy game animals or game birds causing damage were on the landowner's privately owned or leased land and adjoining Federal or State land during authorized hunting seasons as specified in Section 4 (a) (i) (A), and the landowner did not permit hunting in accordance with Section 4 (a) of this regulation.

(iv) The big or trophy game animals or game birds causing damage were not on the landowner's privately owned or leased land and adjoining Federal or State land during authorized hunting seasons as specified in Section 4 (a) (i) (A), and the landowner would not agree to the Department's implementation of a depredation prevention hunting season as specified in Section 4 (a) (i) (B) or insisted on charging an access fee to hunters to participate in a depredation prevention hunting season as specified in Section 4(a).

(v) The big or trophy game animals or game birds causing damage were not on the landowner's privately owned or leased land and adjoining Federal or State land during authorized hunting seasons as specified in Section 4 (a) (i) (A), and the landowner would not agree to the Department's implementation of a kill permit as specified in Section 4 (a) (i) (C) or insisted on charging an access fee to the Department to implement a kill permit as specified in Section 4 (a).

(vi) The verified claim was for property not defined as property in Section 2 of this regulation.

(vii) The claimant was compensated by crop or livestock insurance or a Federal subsidy program for the property damaged to the extent the claimant received compensation under that insurance or program.

(viii) The claimant did not present a verified claim complete with all required information specified in Section 9 of this regulation to the Office of the Department within sixty (60) days after the damage or last item of damage was discovered by the claimant.

(ix) The verified claim was for consequential damages.

(x) Hunting was not permitted during authorized hunting seasons on land in a platted subdivision where the damage occurred due to the actions of a municipal or county ordinance, or homeowners' association covenant prohibiting the discharge of firearms.

(xi) Due to actions of the claimant, the damage was not investigated by the Department.

(xii) The landowner prevented the Department's attempts to mitigate or alleviate the damage through such actions as moving the big or trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h) responsible for the damage or the claimant refused to utilize fencing materials provided by the Department to protect stored crops, including honey and hives.

Section 8. Arbitration.

(a) If the claimant wishes to appeal the Commission's decision regarding a verified claim, the claimant shall file a written call for arbitration with the Office of the Department within ninety (90) consecutive days from the date the claimant received written notice from the Office of the Department of the Commission's decision.

(b) If the claimant calls for arbitration, the claimant and the Office of the Department shall each appoint a disinterested arbitrator within fifteen (15) consecutive days from the date the Office of the Department received the written call for arbitration.

(c) When the claimant and the Office of the Department appoint arbitrators, written notification of the name, mailing address, and telephone number of arbitrators ~~they selected~~ shall

be made by each party to the other within fifteen (15) consecutive days from the date the Office of the Department received the written call for arbitration.

(d) Within twenty (20) consecutive days after their appointment, the two (2) arbitrators shall appoint a third arbitrator. The two (2) arbitrators selected shall notify both the claimant and the Office of the Department in writing of the name, mailing address, and telephone number of the third arbitrator selected. If the third arbitrator is not appointed within this time period, the judge of the district court of the county or the court commissioner in the absence of the judge shall appoint the third arbitrator upon the application of either arbitrator.

(e) The three (3) arbitrators shall appoint a chairman who shall chair the Board and serve as secretary to carry out the correspondence of the Board.

(f) At least twenty (20) consecutive days before the hearing, the Board shall provide the claimant and the Office of the Department written notice of the time and place in the county when and where the testimony of the claimant and the Department shall be heard and the claim investigated and decided by the Board.

(g) Following the arbitration hearing, the Board shall within ten (10) days provide a written copy of its decision to the Office of the Department and the claimant.

(h) Unless otherwise specified in this section, the Uniform Arbitration Act, W.S. § 1-36-101 et seq. shall apply to the hearing.

(i) The decision of the Board shall become part of the Office of the Department's file and shall be made part of the record in the event of an appeal of the Board's decision and any appeal to district court shall be conducted in conformity with the Uniform Arbitration Act, W.S. § 1-36-114 (a) or W.S. § 1-36-115.

Section 9. Verified Claim Requirements. The verified claim required by W.S. § 23-1-901 (b) shall be submitted on the form prescribed by the Department. The verified claim shall contain the following information:

(a) A description of the land on which the damage occurred, including the legal description (section, range, township), the county in which the land is located, and whether the land is privately owned, leased, or federally owned;

(b) Whether the claimant is the landowner, lessee, or agent of the landowner or lessee;

(c) A description of individual livestock, including the number, age class and sex if known, or description of bees, including honey and hives, damaged or killed by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h);

(d) A description of the land, growing cultivated crops, stored crops, seed crops, or improvements damaged by a big game animal or game bird; or a description of the grass extraordinarily damaged by a big game animal or game bird;

(e) Competent, relevant and material evidence provided by the claimant that a big game animal, trophy game animal or game bird, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h) caused the damage;

(f) The dates during which damage took place, to include the specific date the damage was discovered by the claimant and the specific date the damage ended;

(g) The amount and value of livestock or property damaged, including all calculations and evidence supporting the value determination;

(h) The species and number, if known, of big or trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h) that caused the damage;

(i) The name of the game warden, supervisor or Commission member to whom the claimant reported the damage and the specific date it was reported;

(j) Information to allow the Department to determine whether or not the landowner permitted hunting during authorized hunting seasons for the species causing damage in accordance with Section 4 of this regulation;

(k) Information as to whether or not an access fee was charged by the claimant for permitting hunting during authorized hunting seasons for the species of big game animal, trophy game animal or game bird for which the verified claim was filed; the total amount of access fee charged per hunter; and, the total number of hunters permitted to hunt during authorized hunting seasons for the species causing damage;

(l) Information by which the Office of the Department can recognize the claimant signed and swore before a person authorized to administer oaths (notarized) the verified claim to be accurate;

(m) For verified claims for calves and sheep missing as a result of damage by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h), the total known death loss, including missing animals, for the sheep or calves for the grazing season together with the number of such losses known to be due to causes other than damage by a trophy game animal, or gray wolf in accordance with W.S. § 23-1-901 (g) and (h);

(n) Information to indicate if all or what portion of the property damaged was compensated for by crop or livestock insurance or a Federal subsidy program to the extent the claimant received compensation under that insurance or program; and,

(o) Whether the claimant is applying for damage compensation per W.S. § 23-1-901(g) and (h).

(öp) The claimant may submit additional supporting information, which shall be considered as part of the verified claim.

STATEMENT OF REASONS
WYOMING GAME AND FISH COMMISSION
CHAPTER 62
REGULATION FOR AQUATIC INVASIVE SPECIES

W.S. § 23-4-203 and W.S. § 23-4-204 empower the Commission to promulgate rules and regulations to establish, operate and maintain aquatic invasive species check stations in order to inspect conveyances.

Changes to Aquatic Invasive Species (AIS) regulations were made to incorporate important portions of the Model Regulation for State Watercraft Inspection and Decontamination Programs produced by the Western Regional Panel on Aquatic Invasive Species (WRP) and approved by the Western Association of Fish and Wildlife Agencies (WAFWA). This Model Regulation was developed to increase consistency in AIS regulations between states. Additional changes were made to simplify regulations and to remove language pertaining to decontamination protocol that apply only to Wyoming Game and Fish Department operations and restrict the Department's ability to adapt when necessary to implement best available science.

Section 2, Definitions;

Added or edited definitions of Suspect Water, Positive Water, Infested Water, and Seal Receipt to adopt standard language recommended by the WRP. Deleted the definition of Interstate Water because the term is not used anywhere in the regulation. Deleted the reference to the definition of Watercraft in Chapter 22. Revised the term and definition of Water of the State to make it consistent with statutory definition.

New Section 3, Draining and cleaning watercraft and conveyances;

Added a new Section 3 to adopt standard language recommended by the WRP requiring that immediately upon removing a watercraft from any waters of this state, operators remove vegetation, drain all water, and leave all plugs open while watercraft are transported by land. The WAFWA AIS subcommittee adopted a resolution in July 2016 encouraging all western states to implement these changes for consistency and to reduce the likelihood of watercraft transporting AIS into and within the state. Sections (a)(i) was added to clarify how live baitfish could be legally transported by land if watercraft are completely drained.

Added a regulation prohibiting the transport of water, live baitfish or other aquatic wildlife from waters known to contain zebra or quagga mussels.

Section 4. Inspection and Decontamination;

Combined previous Sections 3 and 4. Reorganized some regulations to make the section easier to understand. Moved Section 3(h) to 4(b) and Section 3(m) to 4(e). Removed requirement that a seal be retained as proof of decontamination in 4(c)(v) and moved to Section 4(f).

Reorganized and edited past Sections 3(e) through 3(g) pertaining to inspection requirements in order to clarify the existing regulations pertaining to mandatory inspections.

Removed numerous examples of self-regulatory language from Sections 3 and 4. These sections specified precisely how inspections and decontaminations be conducted, thereby restricting the Department's ability to adapt when necessary to serve the public and implement best available science without changing regulations.

Added Section 4(i) to clarify, along with edits to definition of Authorized Inspector in Section 2, that not all inspectors are authorized to conduct decontaminations.

Section 6. Mandatory Reporting of Aquatic Invasive Species;

Deleted Section 6(a) due to redundancy with 6(b) and eliminated redundant reference to 48 hours in 6(b). Deleted language suggesting people collect samples of AIS since it is illegal to possess or transport these species.

Section 7. Aquatic Invasive Species Check Stations;

Eliminated this entire section because it pertained solely to Department operations and not the public.

New Section 7. Aquatic Invasive Species Program Decal;

Eliminate self-regulatory language to allow for future flexibility in how and where the Department may choose to sell AIS decals.

Additional, minor grammatical and formatting edits have been incorporated into this regulation that do not change the intent of the regulation.

SUBJECT: Regulation Changes Made as a Result of Public Comment, Chapter 62,
Regulation for Aquatic Invasive Species

The Wyoming Game and Fish Department (Department) conducted nine public meetings across the state to present this draft regulation proposal to the public. The draft proposal was available for viewing and public comment through the Department website, and informational videos covering the regulation changes were posted on the Department website. As a result of these efforts, the Department received two individual written comments, and neither was related to any of the proposed changes.

After consideration of public comments received, the Commission made no changes to the draft Regulation for Aquatic Invasive Species.

Proposed Changes to Chapter 62, Aquatic Invasive Species Regulations - 2017

This is what you should concentrate on, these are invasive, they don't belong in our waterways, these need to be eradicated...not natural animals

Final Comment	CHEATHAM, kathleen	laveen, AZ	5/3/2017 11:37:00 AM
---------------	-----------------------	------------	-------------------------

All inflatable kayaks (mine are Sea Eagle 11' and 12') should be exempted from the AIS decal requirement. No aquatic species have ever been observed attaching to these watercraft, and they must be wiped clean and dry after each use before transporting. There is no more threat from larger inflatables than smaller ones so the \$15 nonresident fee (or resident fee) appears to just be a money-maker without justification. Thank you.

CHAPTER 62

REGULATION FOR AQUATIC INVASIVE SPECIES

Section 1. Authority. These regulations are promulgated by authority of Wyoming Statutes § 23-1-102, §§ 23-4-201 through 23-4-205.

Section 2. Definitions. Definitions shall be as set forth in Title 23, Wyoming Statutes, Commission regulations, and the Commission also adopts the following definitions:

(a) “Aquatic invasive species” is defined in W.S. § 23-4-201(a) (i). Aquatic invasive species include some species known to be present in Wyoming and species with a high potential to invade, survive and reproduce in Wyoming.

(i) Aquatic invasive species include:

(A) All members of the genus *Dreissena*, including, but not limited to, zebra mussel *D. polymorpha* and quagga mussel *D. rostriformis*;

(B) New Zealand mudsnail - *Potamopyrgus antipodarum*;

(C) Asian clam - *Corbicula fluminea*;

(D) Rusty crayfish - *Orconectes rusticus*;

(E) Brook stickleback - *Culaea inconstans*;

(F) All members of the genus *Hypophthalmichthys*, including, but not limited to, bighead carp *H. nobilis*, silver carp *H. molitrix*, and largescale silver carp *H. harmandi*;

(G) Black carp - *Mylopharyngodon piceus*;

(H) All members of the genera *Channa* and *Parachanna* in the family Channidae (snakeheads);

(I) Hydrilla - *Hydrilla verticillata*;

(J) Eurasian watermilfoil - *Myriophyllum spicatum*; and,

(K) Curly pondweed – *Potamogeton crispus*.

(b) “Authorized inspector” means an authorized aquatic invasive species inspector who has a valid certification from an aquatic invasive species inspection training course that meets the requirements established by the Wyoming Game and Fish Department (Department) to certify inspectors for aquatic invasive species inspections.

(c) “Certified inspection location” means a location or an address where a Department authorized inspector may be available to conduct an inspection.

(d) “Infested water” means a water designated by the Department as having an established population of Dreissenid mussels.

(e) “Mandatory aquatic invasive species check station” means a location established by the Department at Wyoming ports of entry, other Wyoming Department of Transportation facilities that meet established state and national safety and commerce requirements for the

traveling public or other appropriate facilities where stopping is mandatory and an authorized inspector may conduct an inspection.

(f) “Positive water” means a water where the presence of any life stage of Dreissenid mussels has been detected in multiple Department sampling events.

(g) “Seal” means a locking device affixed to a conveyance that has been inspected or decontaminated by an authorized inspector.

(h) “Suspect water” means a water where any life stage of Dreissenid mussels has been detected in a single Department sampling event, but not verified by subsequent sampling.

(i) “Seal receipt” means a valid written or electronic document issued by an authorized inspector following an inspection that contains information regarding the conveyance, any action taken by an authorized inspector, and information correlating to an applied seal, if issued.

(j) “Waters of this state” means any waters within the jurisdiction of Wyoming.

Section 3. Draining and Cleaning Watercraft and Conveyances.

(a) Immediately upon removing a watercraft from any waters of this state, the operator shall remove all visible vegetation from the watercraft and trailer and drain all water from the watercraft including, but not limited to, water in the hull, ballast tanks, bilges, live wells and motors.

(i) Containers may be used to transport legally obtained live baitfish or other wildlife by land, but shall not be a part of a watercraft and shall be free of aquatic vegetation.

(b) No live baitfish, mollusks or crustaceans shall be collected from or transported in water taken from any suspect water, positive water or infested water.

(c) All bilge and ballast plugs and other barriers that prevent water drainage from a watercraft shall be removed or remain open while a watercraft is transported by land within the state.

(d) The operator shall drain all water from all conveyances, including construction and commercial equipment, upon leaving any suspect water, positive water or infested water.

Section 4. Inspection and Decontamination.

(a) Compliance with aquatic invasive species inspection requirements is an express condition of allowing a conveyance to contact any waters of this state.

(i) Any person who refuses to permit inspection of their conveyance or refuses to complete any required removal and disposal of aquatic invasive species shall be prohibited from allowing the conveyance to contact any waters of this state.

(ii) If a person refuses to allow inspection of a conveyance or to complete any required removal and disposal of aquatic invasive species prior to departure from any waters of this state known to contain an aquatic invasive species, the conveyance is subject to impoundment until an aquatic invasive species inspection and decontamination is completed.

(b) All conveyances are subject to inspection upon encountering a mandatory aquatic invasive species check station.

(c) Authorized inspectors may inspect any conveyance. Authorized inspectors shall perform decontaminations at the direction of a peace officer or with the voluntary consent of the person transporting the conveyance.

(d) Inspections shall be conducted by:

(i) any peace officer; or,

(ii) any authorized inspector.

(e) Once a conveyance is inspected or decontaminated, a seal may be affixed to the conveyance by a peace officer or authorized inspector. A copy of the completed seal receipt shall accompany all seals. The person transporting a conveyance sealed by an authorized inspector may remove the seal at their discretion. The Department may recognize a properly affixed seal applied by an authorized inspector from a state or province with a Department approved aquatic invasive species inspection and decontamination program if the seal is accompanied by a valid seal receipt. It shall be a violation of this regulation for any person to attempt to reattach any seal once it is removed from a conveyance.

(f) A seal receipt indicating the type of decontamination procedure performed shall serve as proof of decontamination.

(g) Any person transporting a conveyance into the state by land, shall have the conveyance inspected by an authorized inspector prior to contacting any waters of this state, unless exempted by (i) or (ii) below.

(i) Any person transporting a conveyance from March 1 through November 30 that has not been in contact with a suspect water, positive water or infested water within the past thirty (30) days and who did not encounter a mandatory aquatic invasive species check station prior to reaching any of the waters of this state may launch without inspection if in possession of a seal receipt. The seal receipt shall be retained while on the water.

(ii) Any person transporting a conveyance from December 1 through the last day of February that has not been in contact with a suspect water, positive water or infested water within the past thirty (30) days and who did not encounter a mandatory aquatic invasive species check station prior to reaching any of the waters of this state may launch without inspection.

(h) As part of all inspections, all compartments, equipment, and containers that may hold water, including, but not limited to, live wells, ballast and bilge areas shall be completely drained as directed by authorized inspectors.

(i) A conveyance suspected to contain an aquatic invasive species shall be decontaminated before said conveyance shall be allowed to contact any waters of this state.

(j) Decontaminations shall be conducted only by those authorized inspectors that have received additional Department training to conduct decontaminations and are specifically authorized to do so.

(k) Any person operating a conveyance may be ordered to remove the conveyance from any of the waters of this state or any conveyance staging area by any peace officer if there is reason to believe the conveyance may contain aquatic invasive species or was not properly inspected prior to contacting the water. Once removed from the water, the conveyance shall be subject to inspection and decontamination for the removal and disposal of aquatic invasive species.

Section 5. Impoundment and Quarantine.

(a) A peace officer may impound and quarantine a conveyance as provided in W.S. § 23-4-203.

(b) If the person in charge of the conveyance is not the registered owner, the registered owner shall be notified by mail, return receipt requested, within ten (10) days of the location of the impounded conveyance. Such notification shall also include contact information for the peace officer ordering the impoundment. If the registered owner is present when the conveyance is ordered impounded, then the same information shall be provided to the registered owner at the time the impound order is issued.

(c) All impounded conveyances shall be held at the risk and expense of the owner. A conveyance held under impound for non-compliance with this regulation shall only be released after a peace officer is satisfied by inspection or quarantine that the conveyance is no longer a threat to the aquatic resources, water supplies; and water infrastructure of the state.

(d) Duration of conveyance quarantine shall be determined by the Department, shall be sufficient to allow decontamination, and shall not exceed thirty (30) days.

(e) An impounded conveyance shall not be released until a Department impound release form is signed and executed by a peace officer. It is the responsibility of the owner to coordinate with the Department for the release of the conveyance.

Section 6. Mandatory Reporting of Aquatic Invasive Species.

(a) Any person who knows that an unreported aquatic invasive species is present at a specific location in Wyoming shall report the aquatic invasive species presence within forty-eight (48) hours to the Commission, the Department, or any peace officer and shall provide the

date and time of the detection of the aquatic invasive species, the exact location of sighting (water body and specific location on the water body), the suspected species, and the name and contact information of the reporter.

Section 7. Aquatic Invasive Species Program Decal.

(a) An aquatic invasive species program fee may be assessed as part of the Department's motorized watercraft registration fee. A current, properly affixed combination motorized watercraft registration and Aquatic Invasive Species Program Decal shall be proof of payment of this fee. Proof of combination decal purchase may be used in lieu of a properly affixed decal for up to fifteen (15) days from date of purchase.

(b) All owners or operators of motorized watercraft registered outside of Wyoming, any owners or operators of Wyoming registered watercraft that have not paid the aquatic invasive species program fee as part of their watercraft registration fee and all owners or operators of non-motorized watercraft shall purchase an Aquatic Invasive Species Program Decal valid for the current calendar year prior to contacting any waters of this state. Purchase of this decal shall be evidenced by an Aquatic Invasive Species Program Decal properly affixed to the watercraft. Proof of decal purchase may be used in lieu of a properly affixed decal for up to fifteen (15) days from date of purchase. For the purpose of this Section, all non-motorized inflatable watercraft ten (10) feet in length or less are exempt from this decal provision.

(c) The price of the decal shall be ten dollars (\$10) for motorized watercraft registered in Wyoming and thirty dollars (\$30) for motorized watercraft registered outside of Wyoming. The price of the decal shall be five dollars (\$5) for non-motorized watercraft owned by a Wyoming resident and fifteen dollars (\$15) for non-motorized watercraft owned by a nonresident.

(i) An Aquatic Invasive Species Program Decal affixed to a motorized watercraft shall be displayed on the starboard (right) side of the bow six (6) inches left of and directly in line with the watercraft registration decal. Decals affixed to non-motorized watercraft shall be displayed on the bow in a manner such that the decal is visible when the watercraft is underway. Only the Aquatic Invasive Species Program Decal which is currently valid shall be displayed.

(ii) In the case of rental watercraft, it shall be the responsibility of the rental watercraft owner to ensure that a valid Aquatic Invasive Species Program Decal is properly displayed on the watercraft.

(d) Owners of multiple non-motorized watercraft may transfer valid decals between their own non-motorized watercraft, however, each non-motorized watercraft shall display a valid decal while contacting any of the waters of this state.

(c) All bilge and ballast plugs and other barriers that prevent water drainage from a watercraft shall be removed or remain open while a watercraft is transported by land within the

state.

(d) The operator shall drain all water from all conveyances, including construction and commercial equipment, upon leaving any suspect water, positive water or infested water.

Section 34. Inspection and Decontamination.

(a) Compliance with aquatic invasive species inspection requirements is an express condition of allowing a conveyance to contact ~~or enter~~ any ~~water~~waters of ~~the~~this state.

(i) Any person who refuses to permit inspection of their conveyance or refuses to complete any required removal and disposal of aquatic invasive species shall be prohibited from allowing the conveyance to contact ~~or enter~~ any ~~water~~waters of ~~the~~this state.

(ii) If a person refuses to allow inspection of a conveyance or to complete any required removal and disposal of aquatic invasive species prior to departure from any ~~water~~waters of ~~the~~this state known to contain an aquatic invasive species, the conveyance is subject to impoundment until an aquatic invasive species inspection and decontamination is completed.

(b) All conveyances are subject to inspection upon encountering a mandatory aquatic invasive species check station.

~~(bc)~~ Authorized inspectors may inspect any conveyance. Authorized inspectors shall perform decontaminations at the direction of a peace officer or with the voluntary consent of the person transporting the conveyance.

~~(ed)~~ Inspections shall be conducted by:

(i) any peace officer; or,

(ii) any authorized inspector.

~~(d) Inspections shall be conducted in accordance with Department procedures at:~~

~~(i) a mandatory aquatic invasive species check station; or,~~

~~(ii) a certified inspection location; or,~~

~~(iii) another location where an authorized inspector is available to conduct an inspection.~~

(e) Once a conveyance is inspected or decontaminated, a seal may be affixed to the conveyance by a peace officer or authorized inspector. A copy of the completed seal receipt shall accompany all seals. The person transporting a conveyance sealed by an authorized inspector may remove the seal at their discretion. The Department may recognize a properly affixed seal applied by an authorized inspector from a state or province with a Department

approved aquatic invasive species inspection and decontamination program if the seal is accompanied by a valid seal receipt. It shall be a violation of this regulation for any person to attempt to reattach any seal once it is removed from a conveyance.

(f) A seal receipt indicating the type of decontamination procedure performed shall serve as proof of decontamination.

~~(eg) Any person transporting a conveyance that within the past thirty (30) days HAS BEEN in contact with a high risk infested water in any state or province~~into the state by land, shall have the conveyance inspected by an authorized inspector prior to contacting or entering any water of the state waters of this state, unless exempted by (i) or (ii) below.

~~(fi) Any person transporting a conveyance into the state by land from March 1 through November 30, that HAS NOT BEEN that has not been in contact with a high-risk suspect water, positive water or infested water within the past thirty (30) days, shall have the conveyance inspected by an authorized inspector prior to contacting or entering any water of the state, unless exempted by (i) below and who did not encounter a mandatory aquatic invasive species check station prior to reaching any of the waters of this state may launch without inspection if in possession of a seal receipt. The seal receipt shall be retained while on the water.~~

~~(ii) Any person transporting a watercraft conveyance from December 1 through the last day of February that has not been in contact with a suspect water, positive water or infested water within the past thirty (30) days and who did not encounter a mandatory aquatic invasive species check station prior to reaching a water of the state any of the waters of this state may launch without inspection if the watercraft bears a properly affixed seal applied by an authorized inspector and is accompanied by a valid seal receipt during transit. The person transporting the watercraft may remove the seal immediately prior to launching on the destination water and must retain the seal and valid seal receipt while on the water.~~

~~(g) Any person transporting a conveyance into the state by land from December 1 through the last day of February that has not been in contact with a high risk infested water within the past thirty (30) days and did not encounter a mandatory aquatic invasive species check station prior to reaching a water of the state, is exempted from mandatory inspection.~~

~~(h) All conveyances are subject to inspection in accordance with Department procedures upon encountering a mandatory aquatic invasive species check station.~~

~~(i)(h) Authorized inspectors shall determine if there is reason to believe that aquatic invasive species are present by interviewing the person transporting the conveyance or using visual and tactile inspection methods. As part of all inspections, all compartments, equipment, and containers that may hold water, including, but not limited to, live wells, ballast and bilge areas shall be completely drained as directed by authorized inspectors.~~

~~(ji) A conveyance suspected to contain an aquatic invasive species shall be decontaminated using Department approved procedures before said conveyance shall be allowed to contact or enter any water of the state waters of this state.~~

(j) Decontaminations shall be conducted only by those authorized inspectors that have received additional Department training to conduct decontaminations and are specifically authorized to do so.

(k) Any person operating a conveyance may be ordered to remove the conveyance from any ~~water of the state~~ of the waters of this state or any conveyance staging area by any peace officer if there is reason to believe the conveyance may contain aquatic invasive species or was not properly inspected prior to contacting ~~or entering~~ the water. Once removed from the water, the conveyance shall be subject to inspection and decontamination for the removal and disposal of aquatic invasive species.

~~(l) Any authorized inspector who, through the course of an inspection, determines that aquatic invasive species are present shall document the inspection, including but not limited to the type and number of aquatic invasive species suspected or detected and identification of the conveyance, including license plate numbers and watercraft registration number, if available. The authorized inspector shall advise the operator that the conveyance shall be required to be decontaminated according to Department procedures as soon as possible. Only peace officers have the authority to order decontamination, impoundment, or quarantine of a conveyance.~~

~~(m) Once a conveyance is inspected or decontaminated, a seal may be affixed to the conveyance by a peace officer or authorized inspector. A copy of the completed valid seal receipt shall accompany all seals. Seals shall be affixed to a conveyance in accordance with Department procedures. A seal, once properly affixed to a conveyance and when accompanied by the valid seal receipt, certifies a proper inspection or decontamination procedure. The person transporting a conveyance sealed by an authorized inspector may remove the seal at their discretion. The Department may recognize a properly affixed seal applied by an authorized inspector from a state or province with a Department approved aquatic invasive species program if the seal is accompanied by a valid seal receipt. It shall be a violation of this regulation for any person to attempt to reattach any seal once it is removed from a conveyance.~~

Section 4. Decontamination.

~~(a) The Department shall only recognize decontamination methods described in this Section as proper Department procedures. All decontaminations shall be completed following all applicable laws, disposal methods, recommended safety precautions, safety equipment, and Department approved procedures.~~

~~(b) Decontamination shall be achieved by removal of the conveyance from any water body and eliminating the water from all compartments, equipment, and containers that may hold water, including but not limited to live wells, ballast tanks and bilges for a length of time as determined by the Department not to exceed thirty (30) days.~~

~~(c) If decontamination is not achieved by removal of the conveyance from any water body for at least thirty (30) days, the following requirements apply:~~

~~(i) Decontamination of water compartments, equipment or containers in a~~

~~conveyance to address the potential presence of an aquatic invasive species shall be accomplished by rinsing and flushing with water of at least one hundred twenty (120) degrees Fahrenheit.~~

~~(ii) Decontamination of the exterior of a conveyance shall be accomplished by removing or destroying all aquatic invasive species, mud, plants, and organisms. The entire exterior of the conveyance and all intakes shall be thoroughly washed with water of at least one hundred forty (140) degrees Fahrenheit. A high pressure (minimum of 2500 psi) water wash or scrubbing will be used as necessary.~~

~~(iii) All compartments, equipment and containers that hold water including, but not limited to live wells, ballast and bilge areas, shall be flushed with water of at least one hundred twenty (120) degrees Fahrenheit but not at high pressure. If a bilge pump is present, it shall be operated until the bilge appears to be empty. The lower unit of the engine shall be thoroughly flushed with water of at least one hundred forty (140) degrees Fahrenheit.~~

~~(iv) After decontamination an authorized inspector or peace officer shall re-inspect the conveyance to ensure complete decontamination has occurred prior to the release of the conveyance.~~

~~(v) Proof of decontamination shall consist of a properly affixed seal and valid seal receipt or a copy of the Department decontamination form if no seal was applied.~~

Section 5. Impoundment and Quarantine.

(a) A peace officer may impound and quarantine a conveyance as provided in W.S. § 23-4-203.

(b) If the person in charge of the conveyance is not the registered owner, the registered owner shall be notified by mail, return receipt requested, within ten (10) days of the location of the impounded conveyance. Such notification shall also include contact information for the peace officer ordering the impoundment. If the registered owner is present when the conveyance is ordered impounded, then the same information shall be provided to the registered owner at the time the impound order is issued.

(c) All impounded conveyances shall be held at the risk and expense of the owner. A conveyance held under impound for non-compliance with this regulation shall only be released after a peace officer is satisfied by inspection or quarantine that the conveyance is no longer a threat to the aquatic resources, water supplies, and water infrastructure of the state.

(d) Duration of conveyance quarantine shall be determined by the Department, shall be sufficient to allow decontamination, and shall not exceed thirty (30) days.

(e) An impounded conveyance shall not be released until a Department impound release form is signed and executed by a peace officer. It is the responsibility of the owner to coordinate with the Department for the release of the conveyance.

Section 6. Mandatory Reporting of Aquatic Invasive Species.

~~(a) Identification of an aquatic invasive species through sampling and monitoring procedures at a location where that species has not been known to exist shall be reported immediately to the Department.~~

~~(b)~~ Any person who knows that an unreported aquatic invasive species is present at a specific location in Wyoming shall report the aquatic invasive species presence within forty-eight (48) hours to the Commission, the Department, or any peace officer. ~~An aquatic invasive species report shall include and shall provide~~ the date and time of the detection of the aquatic invasive species, the exact location of sighting (water body and specific location on the water body), the suspected species, and the name and contact information of the reporter. ~~Samples collected of suspected aquatic invasive species shall be submitted to the Department within forty-eight (48) hours.~~

Section 7. Aquatic Invasive Species Check Stations.

~~(a) All mandatory aquatic invasive species check stations shall be signed.~~

~~(b) Check stations shall be operated in accordance with Department procedures.~~

~~(c) Lists of mandatory aquatic invasive species check stations and certified inspection locations shall be provided on the Department website.~~

Section 87. Aquatic Invasive Species Program Decal.

(a) An aquatic invasive species program fee may be assessed as part of the Department's motorized watercraft registration fee. A current, properly affixed combination motorized watercraft registration and Aquatic Invasive Species Program Decal shall be proof of payment of this fee. Proof of combination decal purchase may be used in lieu of a properly affixed decal for up to fifteen (15) days from date of purchase.

(b) All owners or operators of motorized watercraft registered outside of Wyoming, any owners or operators of Wyoming registered watercraft that have not paid the aquatic invasive species program fee as part of their watercraft registration fee and all owners or operators of non-motorized watercraft shall purchase an Aquatic Invasive Species Program Decal valid for the current calendar year prior to contacting ~~or entering~~ any ~~waterwaters~~ of ~~the~~this state. Purchase of this decal shall be evidenced by an Aquatic Invasive Species Program Decal properly affixed to the watercraft. Proof of decal purchase may be used in lieu of a properly affixed decal for up to fifteen (15) days from date of purchase. For the purpose of this Section, all non-motorized inflatable watercraft ten (10) feet in length or less are exempt from this decal provision.

~~(c) Aquatic Invasive Species Program Decals shall not be limited in number and shall be sold through the Electronic Licensing System (ELS), designated license selling agents, and authorized personnel. The price of the decal shall be ten dollars (\$10) for motorized watercraft registered in Wyoming and thirty dollars (\$30) for motorized watercraft registered~~

outside of Wyoming. The price of the decal shall be five dollars (\$5) for non-motorized watercraft owned by a Wyoming resident and fifteen dollars (\$15) for non-motorized watercraft owned by a nonresident.

(i) ~~Owners or operators of motorized watercraft required to purchase an~~ An Aquatic Invasive Species Program Decal ~~affixed to a motorized watercraft shall display the decal~~ shall be displayed on the starboard (right) side of the bow six (6) inches left of and directly in line with the watercraft registration decal. ~~Non-motorized watercraft owners or operators~~ Decals affixed to non-motorized watercraft shall be displayed ~~the decal~~ on the bow in ~~such a~~ manner such that the decal ~~shall be~~ is visible when the watercraft is underway. Only the Aquatic Invasive Species Program Decal which is currently valid shall be displayed.

(ii) In the case of rental watercraft, it shall be the responsibility of the rental watercraft owner to ensure that a valid Aquatic Invasive Species Program Decal is properly displayed on the watercraft.

(d) Owners of multiple non-motorized watercraft may transfer valid decals between their own non-motorized watercraft, however, each non-motorized watercraft shall display a valid decal while contacting any ~~water of the waters of the~~ water of the waters of this state.

CHAPTER 42
MOUNTAIN LION HUNTING SEASONS

W.S. § 23-1-302 directs and empowers the Commission to fix seasons and bag limits, open, shorten or close seasons on any species or sex of wildlife except predatory animals, predacious birds, protected animals and protected birds.

W.S. § 23-1-703 (e) empowers the Commission to determine the allocation of resident and nonresident mountain lion harvest.

Section 3, Hunting Regulations. Edits are proposed to allow for the reporting and registering of mountain lions taken in a designated wilderness area. These edits are similar to the reporting requirements for taking black bears in a designated wilderness area. New language is being added to address false statements provided to the Department during the reporting process for the taking of mountain lions. New language is also being provided in accordance with W.S. § 23-1-703 (e) which allows the Commission to determine the allocation of resident and nonresident mountain lion harvest. Hunt Area 1, Bearlodge, is proposed to have a nonresident mortality limit of no more than six (6) mountain lions with a total hunt area mortality limit of 24 under this new provision

Section 4, Archery Regulations. A clarification has been made that mountain lions may be taken with legal archery equipment.

Section 5, Hunt Area Descriptions. Minor edits have been made to the hunt area boundary descriptions for a few hunt areas for clarification.

Minor grammatical and formatting edits have been incorporated to provide additional clarity but do not change the intent of the regulation.

MEMORANDUM

TO: David Dewald, Senior Assistant Attorney General

FROM: Mike Choma, Wildlife Law Enforcement Supervisor

COPY TO: Brian Nesvik, Scott Edberg, Doug Brimeyer and Terri Weinhandl

SUBJECT: Regulation Changes Made as a Result of Public Comment, Chapter 42, Mountain Lion Hunting Seasons

The Wyoming Game and Fish Department (Department) conducted nine public meetings across the state to present this draft regulation proposal to the public. The draft proposal was also available for viewing and public comment through the Department website. As a result of these efforts, the Department received 53 individual written comments regarding this regulation.

During 2016, the Department received over 300 comments from the public regarding mountain lion management/hunting in Wyoming. During the Sixty-Fourth Legislature of the State of Wyoming 2017 General Session the Legislature authorized the Commission to determine the allocation of resident and nonresident mountain lion harvest through House Enrolled Act No. 97. As a result of large public interest and the recent enabling legislation, the Department drafted proposed changes to Chapter 42, Mountain Lion Hunting Seasons.

The most widely received comment (29) was in support for nonresident mortality sub-limits as initially presented for Hunt Area 1, Bearlodge. An additional seven comments supported separate resident and nonresident mortality sub-limits in general, five comments did not support any mortality sub-limits and ten comments supported a complete end to mountain lion hunting.

As a result of public comments received, the Commission modified the draft regulation to include a more restrictive nonresident mortality sub-limit for Hunt Area 1, Bearlodge, and to institute a new 24 hour mountain lion harvest report by telephone while maintaining a 72 hour mandatory registration of harvested mountain lions. The 24 hour telephone report requirement is similar to other regulations and is designed to assure mortality limits are not exceeded.

As someone who cares about the World's dwindling wildlife, I am very concerned about continued Hunting of Mountain Lions & other Wildlife. Please protect your magnificent wildlife. I would like my grandchildren to be able to visit USA one day and still see these amazing big cats. Mountain Lions, Wolves, Bears etc are all threatened and numbers continually decreasing - Please STOP the hunting and extermination. It is NOT the right of humans to 'Manage' other species.

I am writing to object to the proposed nonresident mountain lion quota in Unit 1. As both a nonresident and a guide I disagree strongly with this. Disregarding the fact that nonresidents pay a disproportionate amount of fees, I believe hunting opportunities should be equal to everyone. I live in Idaho which limits nonresident hound hunters, which I also strongly disagree with. I will state from experience in my state that doing so creates a lot of ill will between nonresidents and residents, and that if you ever face attacks on your hunting rights by antihunters that discriminating against nonresidents will backfire on you spectacularly, those nonresidents will assuredly not support you. If you are worried about the lion population, or hunting opportunities I have two suggestions that would be far superior. One is to have a female quota rather than an overall lion quota, this would cause hunters to be choosier about what they kill, and would prevent females from being overharvested and thus precipitously dropping the population. It would also prevent nonresidents with a limited time to hunt from killing a female to fill their rather expensive tag, rather than go home empty handed. The second proposal I have, and the one I believe is superior is to have a quota, preferably with a female subquota, and rather than closing the season when the quota is filled, change to a pursuit only season, where hunters can continue to pursue lions throughout the rest of the

WGFD Web Survey

calendar season, but may no longer harvest them. This provides MORE hunting opportunity than the current setup OR the proposed setup for local houndmen, as well as promoting choosing for more mature specimens to harvest, while still regulating the harvest to prevent overharvest.

PLEASE STOP MURDERING OUR WILDLIFE! My husband and I canceled our dream vacation of 2016 to Alaska, because Alaska is murdering their wildlife. Not only will Alaska lose money because of decreased tourism, they will also end up with an ecosystem that is unhealthy, resulting in the death of even more wildlife. As a lifelong citizen of the United States, I demand that the MURDERING and abuse of our wildlife be stopped immediately. In addition, I request that The Indian Trust and The Public Trust to work protecting our sacred wildlife. In addition, I demand that a minimum of 50km Sacred Resource Protection Safety Zone around ALL National Parks, to give OUR wildlife a "safe zone" should they accidentally Rome outside of the border of our parks. As building continues these poor animals are getting chased out of what used to be their home. People need to be less selfish & need to learn how to coexist w these animals. Hunting needs to be abolished altogether, again it s a money maker (greed) & entertainment for cowards who think killing innocent animals is a "sport". Use birth control methods on these animals to control the population & anyone who wants to kill can join the military & do something useful for their country!

Hello my name is Andrew Boortz. My family friends and I have been coming to your beautiful state hunting lions for over fifteen years now. I wouldLike to see the Quota for area 1 stay the same. I feel as if non residents bring a lot of revenue to your state. That is just me speaking from what my family friends and I spend when we come to hunt. I also feel with the Dakotas adjoining area one there are substantial amounts of lions filtering in and out every year. I would appreciate if you would take into consideration leaving the area as it has been in years past so me and many others can enjoy your beautiful state. Thank you.

I strongly oppose the idea of a limiting quota in regards to non-residents ability to take mountain lions. This is a ridiculous idea in this area of Wyoming as its so over populated with lions. In fact this unit should allow unlimited harvest of lions. Since Wyoming has started to finally harvest lions at a higher level we have noticed a decline of lions moving west of the black hills. This heavy harvest on lions is essential to help our mule deer herds in the powder river basin. If the quota was changed to an unlimited quota this would solve the problem of hunters over crowding the area and help to knock this population of lions down. If hunters did not have to rush after the first snow it would spread them out. This unit closes quickly because its loaded with cats and is easy to hunt. If you are wanting to control hound handlers then lets require a handler permit and price it heavily this will most likely stop excessive numbers of non resident handlers. Resident houndsmen have many options this past season only two areas in the entire state closed so resident hunters have many options if they chose to use them. Respectfully submitted Sy Gilliland

Hello, I do not think there should be limitations on how many lions non resident take. This bill was push forward by the houndsman in the area. I have spent a lot of time catching lions in unit one. You see more non residents there than residents. By limiting how many they can take limits how many will come to Wyoming and spend money here. Lots of non houndsman non residents that hunt deer in the area and buy a tag for lions just to shoot one if they see it. We don't want to discourage them from buying a tag. As a outfitter I am strongly against this bill. Normally when changes like this happens it not long before it's all the state. Most of our lion hunters we outfit are non residents. There is better ways to manage lions than cutting back on non residents harvesting them. Thanks Jimmy Owens

To whom it may concern, The Wyoming Federation of Houndsmen led the charge in getting HB 0130 sponsored and pushed through the legislature. Since the very beginning it has been our intent that any sort of nonresident sub-quota be completely separate and unaffected by the resident harvest limits. Rep. Tyler Lindholm, who sponsored this bill, has said as much himself. Our organization does not support the current proposed regulation and will only be in favor of it when the verbiage matches what was originally stated and intended. Tex Adams, President Wyoming Federation of Houndsmen

---------------	-------------------	----------------	--------------------------

The original intent of HB130 that instigated early changes to mountain lion regulations was to separate resident and nonresident hunting quotas in areas of high hunting and conflict among hunters. As proposed, the current regulations changes would not establish a complete separation. I would like the language to be changed to follow the intent of the original legislation and the working group led by the WY Federation of Houndsmen--split the quota in Unit 1: 6 for nonresidents, 18 for residents. If for no other reason, than to work with the WY hunters that have invested so much time and energy into seeing this legislation passed... As WGFD says, its an experiment--let's see what a complete split does to hunting pressure in the region. Thanks so your attention.

This is regarding the implementation of HB130 Wyoming Federation of Houndsmen has withdrawn all support for the current proposal. We will only support this measure if G & F does as was originally intended and make it completely separate and unaffected by resident harvest. We DO NOT support their current proposal in any way

I DO NOT support the current proposal.I WILL ONLY support it as it was originally intended, by making the nonresident quota separate and unaffected by resident harvest. I DO NOT SUPPORT Dan Thompson the way he is going about this... I do SUPPORT the Wyoming federation of houndsmen!!! I stand behind Tex Adam and all the men and women that support the original proposal..

CHAPTER 42

MOUNTAIN LION HUNTING SEASONS

Section 1. Authority. This regulation is promulgated by authority of Wyoming Statutes § 23-1-302, § 23-2-101 (d), § 23-1-703 (e) and § 23-3-109 (a).

Section 2. Definitions. For the purpose of this regulation, definitions shall be as set forth in Title 23, Wyoming Statutes and the Commission also adopts the following definitions:

(a) “Bayed” means impeding the movement of a mountain lion such that while a person is present (with or without dogs) the animal is unable to flee the area where it is being held.

(b) “Biological year” means twelve (12) consecutive months from September 1 to August 31.

(c) “Dependent Young” means any mountain lion with visible spots other than those occurring on the inside of its front legs or any mountain lion still traveling with an adult female mountain lion.

(d) “Mortality” means any legal mountain lion harvest or illegal human caused mountain lion death, excluding mountain lions taken by the Department, mountain lions taken under the authority of W.S. § 23-3-115 (a), and all other mountain lion deaths.

(e) “Reduced price mountain lion license” means a license which may be authorized in specific hunt areas allowing a person to take a mountain lion in addition to what may be taken on a full price mountain lion license.

Section 3. Hunting Regulations.

(a) Mountain lions shall only be taken during open seasons by the use of legal firearms or archery equipment, except as otherwise provided by State statute and Commission regulations.

(b) Use of Dogs. Dogs may be used to pursue mountain lions during the open season. However, dogs shall only be used to pursue mountain lions during open hours for the taking of mountain lions.

(c) After a mountain lion has been pursued or bayed, a properly licensed person shall promptly harvest or release the mountain lion. No person shall in any manner restrict or hinder the mountain lions ability to escape for the purpose of allowing a person who was not present at the time the mountain lion was bayed to arrive and take the mountain lion.

(d) Bag and Possession Limits. The bag and possession limit for any person with a proper license shall be one (1) mountain lion during any one (1) calendar year (January 1 - December 31), except as otherwise provided in this Section. Hunters may take any mountain lion, except dependent young and female mountain lions with dependent young at side.

(e) Reduced price mountain lion licenses. A person may receive a maximum of one (1) full price mountain lion license and a maximum of one (1) reduced price mountain lion license during any one (1) calendar year. A person shall possess and exhibit a full price mountain lion license for the current calendar year in order to receive a reduced price mountain lion license for the same calendar year.

(f) Reduced price mountain lion licenses are valid only in hunt areas 5, 7, 8, 9, 15, 16, 19, 24, 25, 27 and 31.

(g) Reporting and Registering Kills. Hunters harvesting mountain lions shall retain the pelt and skull from each mountain lion harvested for registration purposes. Even if the skull is damaged, it shall accompany the pelt. Visible external evidence of sex shall remain naturally attached to the pelt.

(i) Within three (3) days (seventy-two (72) hours) after harvesting a mountain lion, the licensee shall present the pelt and skull to a district game warden, district wildlife biologist, or Department personnel at a Department Regional Office during business hours for registration. The entire pelt and skull shall be presented in an unfrozen condition in order to allow collection of two (2) premolar teeth to be utilized to determine the age of the mountain lion and to allow examination of the pelt to determine the sex of the mountain lion and lactation status of females. At the time of registration, the licensee shall furnish the Department with their license, the date of kill, the location of the site of kill to include hunt area, section, township and range, or UTM coordinates.

(ii) A licensee taking a mountain lion in a designated wilderness area shall report their harvest by telephone or in person within three (3) days, (seventy-two (72) hours) and shall present the pelt and skull to a district game warden, district wildlife biologist or Department personnel at a Game and Fish Regional Office during business hours for registration within ten (10) days from the date of harvest or within three (3) days after returning from a designated wilderness area. The licensee making the telephone report shall contact a district game warden, district wildlife biologist or Department personnel at a Game and Fish Department Regional Office and provide their name, license number, date of kill, sex of mountain lion, hunt area and the location of the kill site (drainage). At the time of registration, the licensee shall furnish the Department their license, the date of kill, the location of the site of kill to include hunt area, section, township and range or UTM coordinates.

(iii) Within twenty-four (24) hours after taking a mountain lion in Hunt Area 1, the licensee shall report the taking of a mountain lion by calling toll free 1-800-264-1280. The report shall include the name and phone number of the person making the report, hunter's name and license number, residency status of the licensee, date of the kill and location of the site of kill to include hunt area.

(h) Any person who makes a false statement reporting a mountain lion kill or on the registration form shall be in violation of this regulation and, such violation shall be punishable as provided by Title 23, Wyoming statutes for violation of Commission regulations.

(j) Hunt Area Mortality Limit. The mountain lion season in a hunt area shall close when the hunt area mortality limit is reached. If the hunt area mortality limit is not reached, the

season shall close upon the date specified in subsection (ji) of this Section. Hunt area mortality limits shall be for the biological year. It is the hunter's responsibility to confirm that the hunt area they intend to hunt is open. The status of hunt area closures is available by calling toll free 1-800-264-1280 twenty-four (24) hours a day.

(k) **Resident and Nonresident Mortality Limits.** A separate resident and nonresident mortality limit shall apply in designated hunt areas as set forth in this Section, and shall represent the maximum allowable harvest of mountain lions for either resident or nonresident licensed hunters within a specified hunt area.

(i) A hunt area with a resident mortality limit shall close to resident mountain lion hunters when the resident mortality limit is reached or on the date specified in subsection (i) of this Section, whichever comes first.

(ii) A hunt area with a nonresident mortality limit shall close to nonresident mountain lion hunters when the nonresident mortality limit is reached or on the date specified in subsection (i) of this Section, whichever comes first.

~~WYOMING GAME AND FISH COMMISSION~~

CHAPTER 42

MOUNTAIN LION HUNTING SEASONS

Section 1. Authority. This regulation is promulgated by authority of ~~W.S.~~ Wyoming Statutes § 23-1-302, and W.S. § 23-2-101 (d), § 23-1-703 (e) and § 23-3-109 (a).

Section 2. Definitions. For the purpose of this regulation, definitions shall be as set forth in Title 23, Wyoming Statutes and the Commission also adopts the following definitions:

(a) “Bayed” means impeding the movement of a mountain lion such that while a person is present (with or without dogs) the animal is unable to flee the area where it is being held.

(b) “Biological year” means twelve (12) consecutive months from September 1 to August 31.

(c) “Dependent Young” means any mountain lion with visible spots other than those occurring on the inside of its front legs or any mountain lion still traveling with an adult female mountain lion.

(d) “Mortality” means any legal mountain lion harvest or illegal human caused mountain lion death, excluding mountain lions taken by the Department, mountain lions taken under the authority of W.S. § 23-3-115 (a), and all other mountain lion deaths.

(e) “Reduced price mountain lion license” means a license which may be authorized in specific hunt areas allowing a person to take a mountain lion in addition to what may be taken on a full price mountain lion license.

Section 3. Hunting Regulations.

(a) Mountain lions shall only be taken during open seasons by the use of legal firearms or archery equipment, except as otherwise provided by State statute and Commission regulations.

(b) Use of Dogs. Dogs may be used to pursue mountain lions during the open season. However, dogs shall only be used to pursue mountain lions during open hours for the taking of mountain lions.

(c) After a mountain lion has been pursued or bayed, a properly licensed person shall promptly harvest or release the mountain lion. No person shall in any manner restrict or hinder the mountain lions ability to escape for the purpose of allowing a person who was not present at the time the mountain lion was bayed to arrive and take the mountain lion.

(d) **Bag and Possession Limits.** The bag and possession limit for any person with a proper license shall be one (1) mountain lion during any one (1) calendar year (January 1 - December 31), except as otherwise provided in this Section. Hunters may ~~harvest~~take any mountain lion, except dependent young and female mountain lions with dependent young at side ~~shall not be harvested~~.

(e) **Reduced price mountain lion licenses.** A person may receive a maximum of one (1) full price mountain lion license and a maximum of one (1) reduced price mountain lion license during any one (1) calendar year. A person shall possess and exhibit a full price mountain lion license for the current calendar year in order to receive a reduced price mountain lion license for the same calendar year.

(f) **Reduced price mountain lion licenses** are valid only in hunt areas 5, 7, 8, 9, 15, 16, 19, 24, 25, 27 and 31.

(g) **Reporting and Registering Kills.** Hunters harvesting mountain lions shall retain the pelt and skull from each mountain lion harvested for registration purposes. Even if the skull is damaged, it shall accompany the pelt. Visible external evidence of sex shall remain naturally attached to the pelt.

(i) Within three (3) days (seventy-two (72) hours) after harvesting a mountain lion, the licensee shall present the pelt and skull to a district game warden, district wildlife biologist, or Department personnel at a Department Regional Office during business hours for registration. The entire pelt and skull shall be presented in an unfrozen condition in order to allow collection of two (2) premolar teeth to be utilized to determine the age of the mountain lion and to allow examination of the pelt to determine the sex of the mountain lion and lactation status of females. At the time of registration, the licensee shall furnish the Department with ~~his~~their license ~~number~~, the date of kill, the location of the site of kill to include hunt area, section, township and range, or UTM coordinates.

(ii) A licensee taking a mountain lion in a designated wilderness area shall report their harvest by telephone or in person within three (3) days, (seventy-two (72) hours) and shall present the pelt and skull to a district game warden, district wildlife biologist or Department personnel at a Game and Fish Regional Office during business hours for registration within ten (10) days from the date of harvest or within three (3) days after returning from a designated wilderness area. The licensee making the telephone report shall contact a district game warden, district wildlife biologist or Department personnel at a Game and Fish Department Regional Office and provide their name, license number, date of kill, sex of mountain lion, hunt area and the location of the kill site (drainage). At the time of registration, the licensee shall furnish the Department their license, the date of kill, the location of the site of kill to include hunt area, section, township and range or UTM coordinates.

(iii) Within twenty-four (24) hours after taking a mountain lion in Hunt Area 1, the licensee shall report the taking of a mountain lion by calling toll free 1-800-264-1280. The report shall include the name and phone number of the person making the report, hunter's name

and license number, residency status of the licensee, date of the kill and location of the site of kill to include hunt area. _____

(h) Any person who makes a false statement reporting a mountain lion kill or on the registration form shall be in violation of this regulation and, such violation shall be punishable as provided by Title 23, Wyoming statutes for violation of Commission regulations.
