DEPARTMENT OF INSURANCE

STATE OF WYOMING

IN THE MATTER OF THE)
AMENDMENT OF CHAPTER 71 OF)
THE INSURANCE RULES AND) Docket No. 21-03
REGULATIONS)
)

STATEMENT OF PRINCIPAL REASONS

FOR

CHAPTER 71 OF THE WYOMING INSURANCE DEPARTMENT RULES AND
REGULATIONS

Under the authority of W.S. § 26-19-115(f), the Department of Insurance (“Department”) promulgated Chapter 71 of its Rules in January 2020 to set forth the requirements, forms, and licensing procedures for multiple employer welfare arrangements (MEWAs) as defined in W.S. § 26-1-102(a)(xliii).

MEWAs are arrangements among two or more employers or self-employed individuals sharing a “commonality of interest.” Under a MEWA, multiple employers can provide employee welfare benefit plans to their employees and can involve any plan, fund, or program which is established or maintained by an employer or an employee organizer for the specific purpose of providing medical, surgical, or hospital care or benefits in the event of sickness, accident, disability, or death.

During the 2019 Wyoming Legislature’s General Legislative Session, SF0044 (SEA49) (“the Act”) was passed and subsequently signed into law with an effective date of July 1, 2019. The Act is intended to protect Wyoming consumers and to promote the stability of Wyoming’s health insurance market, to the extent permitted under law, by requiring

MEWAs to be licensed and allowing the Department the authority to establish duly promulgated rules that set forth criteria for licensing in accordance with state and federal requirements.

Since Chapter 71 was originally promulgated, the Department has become aware of areas of the regulation that needed to be clarified or streamlined. For example, the Department has promulgated changes to the definition of Third Party Administrator (“TPA”) so that it is applicable to all MEWAs, and to remove requirements applicable to contracts between the MEWAs and TPAs. The Department is also promulgating changes to clarify the documents that are necessary for licensing, including clarification of when a feasibility study is and is not needed, clarifying what information is required for a dissolution plan, and clarifying when an actuarial opinion is and is not needed for licensing. Finally, changes are being promulgated to clarify when plan documents are required to be filed with the Department, and requiring that claims appeal processes be implemented consistent with the procedural requirements for seeking an appeal of a claim denial under other provisions of the Wyoming insurance code.
