#### WYOMING DEPARTMENT OF REVENUE

### Statement of Principal Reasons for Adoption of Regular Rules

The following rationale is presented for the changes to the Wyoming Department of Revenue, Rules and Regulations, Chapter 2, "Sales and Use Tax".

The Wyoming Department of Revenue, Excise Tax Division, seeks to amend our Chapter 2 Rules and Regulations. The Department is looking to update our Chapter 2 Rules, primarily based upon the passage of HB 197/HEA 38 (2024). These Rules updates will provide clarity to our Wyoming vendors and taxpayers based upon the new legislation.

- Section 2(r) Clarifies our definition of "occasional sale" based upon HB 197/HEA 38. In the new Section 4(h) below (#5 Statement of Principal Reasons), we outline those persons with occasional sales are not required to collect sales tax. The intent of the legislation was that residential garage sales or an impromptu lemonade stand aren't required to collect sales tax, but vendors at organized events still have a sales tax collection requirement.
- Section 2(t) Adds a definition of "pipeline" to help clarify which companies can use the updated exemption language based upon the passage of HB 197/HEA 38. Adding Section 2(t) results in the re-numbering of the original Section 2(t) through original Section 2(aa).
- 3. Section 4(a) This change reflects an update per the Streamlined Sales Tax Governing Board that non-nexus sellers no longer have to register in all member states. Those sellers can decide to register in all states, a few states, or just one state.
- 4. Section 4(f) Adds the word "taxes" to clarify what the remote seller or marketplace facilitator is collecting and reporting.
- 5. Section 4(h) In conjunction with #1 above, this rule clarifies that persons with occasional sales do not have to collect sales tax.
- Section 7(j) Clarifies that power or fuel used by railroads or pipelines (which "pipeline" is now defined by #2 above) is exempt if the entire transportation cost is charged to an unaffiliated business entity. This updated language is based upon the passage of HB 197/HEA 38.

- Section 8(b) Clarifies that the time for the Department to issue a refund starts once the Department has received all of the necessary information to make an informed decision based upon the updated language with HB 197/HEA 38.
- 8. Section 8(d) Clarifies that the Department of Audit must agree to accept the audit referral for an audit engagement in order to toll the 90-day requirement for the Department of Revenue to approve or deny a refund request as per the updated language from HB 197/HEA38. If the Department of Audit decides not to conduct the requested audit, the Department of Revenue must still approve or deny the refund request within 90 days. Any denied refunds can still be appealed to the Wyoming State Board of Equalization.
- 9. Section 11(a) Adds to the language to the pre-existing Department Rule based upon HB197/HEA 38. If the purchaser does not have a driver's license or government-issued identification, then the Department will prescribe a form to use as documentation to determine where the sales tax is due. The update in HB 197/HEA 38 did not mention business entities, so this updated language adds a provision stating where the sales tax is due on motor vehicles purchased by businesses.

(n) "Fixtures" means articles of tangible personal property which are appurtenances to a building/structure and do not lose their identity as appurtenances, but due to the owner's intentions, the fixtures become a permanent part of the real property. (t) "Pipeline" means a system of connected lengths of large diameter pipes which are used to transport oil, natural gas, or other hydrocarbons over long distances under high pressure to eventual interstate or intrastate customer sales points. A pipeline does not include pipes, and other equipment, used as part of a gathering system which collects and moves oil, natural gas, or other hydrocarbons from well sites to either a central delivery point, initial storage tank, lease automatic custody transfer (LACT) unit, or to the inlet of an interstate or intrastate transmission pipeline. (bb) "Streamlined Sales Tax Agreement" means the agreement adopted pursuant to W.S. 39-15-403.

### Section 3. Administrative Functions.

(a) Sales/Use Tax Rate. The time and place of sale shall determine the applicable tax rate, except for motor vehicles.

(i) Leased/Rented Tangible Personal Property. Any purchase option exercised at the end of the lease agreement is a separate transaction and shall be taxed as a separate sale where the transaction occurs.

(ii) For services involving periodic billings, tax rate increases shall apply to the first billing period starting on or after the effective date of the rate change. For tax rate decreases, the new rate shall apply to bills rendered on or after the effective date.

(b) Payments made for sales/use tax liabilities shall be applied in the following order: fees, interest, tax, and penalty. Payments shall be applied to the oldest debt first.

(c) In all cases, the burden of proof as to the point of delivery is upon the vendor. All delivery slips, freight bills, etc., shall be preserved for three (3) years along with all invoices and other business records.

(d) Corrections to Assessments. Sales/use tax assessments issued by the Department which are later found to be in error may be amended. The amendments do not change the date of the original assessment.

(e) The State of Wyoming shall provide and maintain a database of sales and use tax rates for all taxing jurisdictions within the boundaries of the state and a taxability matrix, which provides sellers with a listing of general product and service categories and the taxability of each item. For the identification of state and local jurisdictions, the state shall use Federal Information Processing Standards (FIPS) codes.

(f) The state shall relieve sellers, Certified Service Providers (CSPs), and sellers using a Certified Automated System (CAS) from liability to the state and local jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the seller, CSP, or seller using a CAS relying on erroneous data provided by the state.

(g) Calculating the Tax. Rounding tax calculation shall be carried to the third decimal place, and shall be rounded to a whole cent using a method that rounds up to the next whole cent whenever the third decimal place is greater than four (4).

### Section 4. Licensing.

(a) Non-nexus vendors that are participating in the Streamlined Sales Tax Agreement can be registered in all member states through use of the centralized registration process provided under the agreement. Under this process, a seller registering under the agreement will not pay a fee for registration or licensing for any state where there is no legal requirement to register. No written signature of the licensing seller will be required. An agent may register a seller under uniform procedures adopted by the Streamlined Sales Tax Governing Board. Cancellation does not relieve the seller of its liability for remitting to the proper states any taxes collected.

(b) Governmental Entities. The retail sale, lease, or rental of tangible personal property or taxable services by the State of Wyoming or its political subdivisions shall be subject to the sales/use tax. The governmental entity shall be considered a vendor and shall be licensed and collect tax on taxable transactions.

(c) Tribal Members. Sales or Leases on the Wind River Indian Reservation. Persons on the Wind River Reservation who are engaged in selling or leasing tangible personal property or providing services subject to the sales or use tax shall become licensed as vendors. Vendors shall comply with all reporting requirements as directed by the Department for sales or leases occurring on the Reservation to any person who is not an enrolled member of the Northern Arapaho or Eastern Shoshone Tribes.

(d) Multiple Business Locations. At the vendor's option, they may ask to have multiple locations under the same ownership consolidated so the tax for all locations can be filed on a single return.

(e) Transfer of License. Sales/use tax licenses shall not be transferable. If there is a change from one legal entity to another, the new entity shall apply for a new sales/use tax license under the new entity's legal name. Any such change shall be reported to the Department immediately. The license fee shall be imposed on each such change.

(f) Any vendors or remote sellers selling exclusively through a marketplace facilitator shall not be required to license with the Department as long as the marketplace facilitator is licensed to collect and report taxes to the Department.

(g) Simply having a registered agent, virtual office, or accounting firm in Wyoming does not automatically prompt a licensing requirement.

(h) Persons engaged in occasional sales shall not be required to collect sales tax.

### Section 5. Reporting.

(a) Reporting Frequency. The Department shall assign vendors a filing frequency at the time of licensing. Filing frequency may be changed by the Department based on the volume of sales/use tax collected and other criteria as established in policy and procedure guidelines. Filing frequency assigned by the Department shall be monthly, quarterly, or annually.

(b) Reporting Forms. Vendors shall file sales/use tax data on sales/use tax returns provided by the Department or in other format or media as approved by the Department. Returns shall be rejected if not completed in accordance with the instructions provided. A vendor shall have fifteen (15) calendar days from the date of notification to submit a corrected report without incurring late filing penalties as long as the original report was filed on time.

(c) Due Date. Monthly filers shall submit returns and tax on or before the last day of the month following the month in which the Wyoming sales occurred; quarterly filers shall submit returns and tax on or before January 31, April 30, July 31, and October 31 of each calendar year; and annual filers shall submit returns on or before January 31 of each calendar year. If a due date falls on a weekend or federal or Wyoming state holiday, the next business day serves as the new due date.

(i) Consumers, including contractors, remitting sales or use tax not paid to vendors shall remit the tax on or before the last day of the month following the month of purchase.

(ii) The postmark date recorded by the Department or date submitted electronically shall be deemed the date of filing. Consumers remitting tax and/or tax returns in person shall receive a receipt indicating the amount of tax paid and the date received. Hand delivered returns shall be date stamped by the Department at the time received.

(d) Credit.

(i) Vendors and direct pay permit holders, who report and remit sales and use taxes which they have collected and/or accrued on or before the 15th day of the month when the tax is due, are entitled to a prompt pay vendor compensation credit against the taxes paid. A return shall be considered timely if it is postmarked on or before the 15th of the month when due.

(ii) Any person requesting an extension of the filing due date shall not be allowed to claim the credit for early payment of the taxes due.

(iii) The credit allowed shall be limited to each person acting as a vendor or direct pay permit holder in Wyoming and not to each license held by the person. Should the total tax remitted from all locations reported by the vendor exceed the amount which would result in the \$500 cap on the credit, the vendor shall be limited to a \$500 credit.

(iv) Any amendments to taxes previously reported are not eligible for the credit unless the amendment is also reported before the 15th of the month when the taxes are due. Should the amendment reduce the amount of tax originally reported, the credit originally allowed shall be reduced accordingly.

(v) Any vendor or direct pay permit holder that has an outstanding balance on their account from either unpaid taxes or a Department assessment shall be ineligible for credits on their current taxes.

(vi) Any return and payment not postmarked by the discount date shall be ineligible for the credit on their current taxes.

(e) Extension. The Department may grant extensions of filing due date if extenuating circumstances exist which prevent the filer from filing in a timely manner. Requests for extension shall be made in writing to the Excise Tax Division Administrator and shall thoroughly explain the reason for the request.

(f) Returned Tangible Personal Property. Vendors shall refund the sales tax paid by the purchaser on any sale which is rescinded in its entirety. Vendors may claim a deduction from gross sales for the amount of the rescinded sale.

(g) Deductions. Vendors are entitled to claim a deduction from gross receipts on their tax return for refunds once the tax has been refunded back to the customer.

(i) Commissions Not Deductible. Commissions paid to sales agents for their services in making sales shall not be deductible from the total sales price of property or services sold.

(ii) Discounts. Discounts allowed at the time of sale shall be deducted from the taxable sales price. Discounts offered at the time of sale as incentive for prompt payment shall be deducted from the sales price only upon acceptance of the discount. Tax at the time of the sale shall be calculated on the undiscounted amount and if the discount is subsequently taken, shall be credited against future tax liability.

(h) Merchandise Used or Consumed by Vendors. Tangible personal property removed from inventory by the vendor for business or personal consumption shall be subject to sales/use tax. The purchase price of the property shall be the tax basis.

(i) Transportation/Freight Charges. Transportation or outbound freight charges are not taxable and shall not be included within the taxable sales price of any retail sale. Transportation or inbound freight charges in a wholesale transaction are a component of cost of goods sold, like markup and overhead, and become part of the sales price paid by the consumer.

(j) Invoices, Bills of Sale, and Receipts. Each vendor of tangible personal property or services upon which a sales or use tax is imposed shall provide a receipt to the purchaser, except as stated in Subsection (k). The vendor shall retain copies of all receipts containing the following:

(i) Vendor's name and address;

(ii) Full and accurate description of the property or service sold (make, model, year, serial number, etc.);

- (iii) Date of sale;
- (iv) Discounts, trade-in allowances, and manufacturer's rebates for motor

vehicles;

- (v) Net sales price; and
- (vi) Sales/use tax paid by the purchaser.

(k) Taxes Calculated on Gross Receipts. This method of taxing sales is only allowed when a receipt is not generally provided to the consumer as part of the sale. Where receipts do not accompany each sale (e.g., coin operated vending sales, bar sales, cover charges, admission tickets, and concessions, vendors shall maintain records of tax calculated using the following formula:

Tax=Gross Receipts - (Gross Receipts / (1+ Tax Rate)) Example Gross Receipts = 1,000Tax Rate = 6% Tax = 1,000 - (1,000/(1+.06))Tax = 1,000 - 943.40Tax = 56.60

(1) Excess Tax Collected. Excess tax collected shall be returned to the purchaser or, if the purchaser is unknown or cannot be ascertained, remitted to the Department. Vendors shall not be entitled to retain excess taxes collected. Due date of the remittance is the same as provided in Subsection (c).

(m) Estimated Tax Returns. A party liable for sales or use tax who is unable to file a tax return containing sales amounts by the due date of the return may file an estimated tax return and make an estimated tax payment prior to the due date of the tax return. Subsequent submission of the tax return and payment of the actual amount of tax due shall be subject to interest and penalty provisions. Estimated tax returns shall be clearly marked and identified as an "Estimated Tax Return." Subsequently submitted returns shall be clearly marked as an "Amended Tax Return." Additional reporting forms may be obtained from the Department.

### Section 6. Direct Pay Permits.

(a) General. Purchasers making taxable purchases in this state totaling \$5,000,000 or more per calendar year may apply to the Department for a direct pay permit on the form and in a manner prescribed by the Department.

(i) Application reviews shall be conducted in a timely manner so that applicants receive notification of authorization or denial within thirty (30) days of the date the Department receives the completed application and any necessary supporting documentation.

(ii) If approved, the Department shall assign a direct pay permit number and provide the permittee with a printed direct pay permit.

### (b) Reporting.

(i) Purchasers authorized to make direct payment of Wyoming sales tax shall report tax owed in a format as prescribed by the Department. The reports shall be made by the end of the month following the month purchases are made.

(ii) Late filing of reporting forms and remittance of tax due shall result in the assessment of interest and penalty.

### Section 7. Non-Taxable and Exempt Sales Transactions.

(a) General. Non-taxable transactions, including sales made for resale, shall be shown separately from taxable charges on sales invoices. The entire invoice amount shall be subject to the sales/use tax if the nontaxable or exempt charges are not separately shown and distinguishable from taxable charges.

(b) Certificates of Exemption.

(i) Vendors shall obtain completed exemption certificates for all sales transactions, other than those qualifying under Section 6 of these rules, where sales tax is not collected from the purchaser at the time of sale. Purchasers shall file a single exemption certificate with each selling vendor for exempt purchases made. The certificates shall be in a format as prescribed by the Streamlined Sales and Use Tax Agreement and shall be retained in the seller's records. The seller shall obtain identifying information of the purchaser and the reason for claiming a tax exemption at the time of the purchase. A purchaser is not required to provide a signature to claim an exemption from tax unless the paper exemption certificate is used. The seller shall use the standard format for claiming an exemption electronically when that format is adopted by the Streamlined Sales Tax Project Governing Board.

(ii) Vendors shall be relieved of the tax otherwise due if the seller obtains a fully completed exemption certificate or captures the relevant data elements listed in Subsection (i) above within ninety (90) days of the date of the sale.

(iii) Should the vendor not obtain an exemption certificate or the required relevant information, the vendor shall be allowed 120 days subsequent to a request for substantiation:

(A) To obtain a fully completed exemption certificate from the purchaser taken in good faith which means that the vendor obtains a certificate that claims an exemption that was statutorily available on the date of the transaction in the jurisdiction where the transaction is sourced, could be applicable to the item being purchased, and is reasonable for the purchaser's type of business; or

(B) To obtain other information establishing that the transaction was not subject to the tax.

(c) Religious and Charitable Organizations. Organizations operated for religious or charitable purposes shall be exempt from sales and use tax on their purchases. Organizations verifying its Internal Revenue Code Section 501(c)(3) status with the Department shall be issued an exemption approval letter on this documentation alone. All other organizations may furnish the documents set forth in the following Subsection. The organizations may apply to the Department in writing for exemption approval and registration.

(i) The Department shall consider the following documentation to determine whether the organization is engaged in charitable or religious activities:

- (A) Articles of incorporation;
- (B) Organizational charter or constitution;
- (C) Mission statement;
- (D) Budget;
- (E) Income and expense statements; and
- (F) Evidence of federal tax exempt status.

(ii) To be considered organized and operated for charitable or religious activities, an organization shall establish that:

(A) The organization is organized and operated for a purpose designed to benefit an indefinite number of persons in an educational, moral, physical, or social manner; and

(B) The organization's assets are completely and permanently pledged to that same charitable or religious purpose; and

(C) No part of the net earnings of the organization shall be distributed to the organization's members, trustees, officers, or other similarly situated persons as salary or profit earned from organizational activities; and

(D) The organization is a non-profit organization, and has expended at least sixty five percent (65%) of its annual income for the prior three (3) years on programs, other organizations, foundations, or similar groups and/or activities directly related to its charitable purposes.

(iii) Organizations shall notify the Department if the conditions allowing exempt status change.

(A) Organizations which have existed for less than three (3) years and which have insufficient history to comply with section 9(c)(ii)(D), as determined by the Department, may be issued exemption approval for one (1) year.

(ii) For services involving periodic billings, tax rate increases shall apply to the first billing period starting on or after the effective date of the rate change. For tax rate decreases, the new rate shall apply to bills rendered on or after the effective date.

(b) Payments made for sales/use tax liabilities shall be applied in the following order: fees, interest, tax, and penalty. Payments shall be applied to the oldest debt first.

(c) In all cases, the burden of proof as to the point of delivery is upon the vendor. All delivery slips, freight bills, etc., shall be preserved for three (3) years along with all invoices and other business records.

(d) Corrections to Assessments. Sales/use tax assessments issued by the Department which are later found to be in error may be amended. The amendments do not change the date of the original assessment.

(e) The State of Wyoming shall provide and maintain a database of sales and use tax rates for all taxing jurisdictions within the boundaries of the state and a taxability matrix, which provides sellers with a listing of general product and service categories and the taxability of each item. For the identification of state and local jurisdictions, the state shall use Federal Information Processing Standards (FIPS) codes.

(f) The state shall relieve sellers, Certified Service Providers (CSPs), and sellers using a Certified Automated System (CAS) from liability to the state and local jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the seller, CSP, or seller using a CAS relying on erroneous data provided by the state.

Under this process, a seller registering under the agreement will not pay a fee for registration or licensing for any state where there is no legal requirement to register. No written signature of the licensing seller will be required. An agent may register a seller under uniform procedures adopted by the Streamlined Sales Tax Governing Board. Cancellation does not relieve the seller of its liability for remitting to the proper states any taxes collected.

(b) Governmental Entities. The retail sale, lease, or rental of tangible personal property or taxable services by the State of Wyoming or its political subdivisions shall be subject to the sales/use tax. The governmental entity shall be considered a vendor and shall be licensed and collect tax on taxable transactions.

(c) Tribal Members. Sales or Leases on the Wind River Indian Reservation. Persons on the Wind River Reservation who are engaged in selling or leasing tangible personal property or providing services subject to the sales or use tax shall become licensed as vendors. Vendors shall comply with all reporting requirements as directed by the Department for sales or leases occurring on the Reservation to any person who is not an enrolled member of the Northern Arapaho or Eastern Shoshone Tribes.

(d) Multiple Business Locations. At the vendor's option, they may ask to have multiple locations under the same ownership consolidated so the tax for all locations can be filed on a single return.

(e) Transfer of License. Sales/use tax licenses shall not be transferable. If there is a change from one legal entity to another, the new entity shall apply for a new sales/use tax license under the new entity's legal name. Any such change shall be reported to the Department immediately. The license fee shall be imposed on each such change.

(f) Any vendors or remote sellers selling exclusively through a marketplace facilitator shall not be required to license with the Department as long as the marketplace facilitator is licensed to collect and report <u>taxes</u> to the Department.

(h) Persons engaged in occasional sales shall not be required to collect sales tax.

### Section 5. Reporting.

(a) Reporting Frequency. The Department shall assign vendors a filing frequency at the time of licensing. Filing frequency may be changed by the Department based on the volume of sales/use tax collected and other criteria as established in policy and procedure guidelines. Filing frequency assigned by the Department shall be monthly, quarterly, or annually.

(b) Reporting Forms. Vendors shall file sales/use tax data on sales/use tax returns provided by the Department or in other format or media as approved by the Department. Returns shall be rejected if not completed in accordance with the instructions provided. A vendor shall have fifteen (15) calendar days from the date of notification to submit a corrected report without incurring late filing penalties as long as the original report was filed on time.

(c) Due Date. Monthly filers shall submit returns and tax on or before the last day of the month following the month in which the Wyoming sales occurred; quarterly filers shall submit returns and tax on or before January 31, April 30, July 31, and October 31 of each calendar year; and annual filers shall submit returns on or before January 31 of each calendar year. A return shall be considered timely if it is postmarked on or before the 15th of the month when due.

(ii) Any person requesting an extension of the filing due date shall not be allowed to claim the credit for early payment of the taxes due.

(iii) The credit allowed shall be limited to each person acting as a vendor or direct pay permit holder in Wyoming and not to each license held by the person. Should the total tax remitted from all locations reported by the vendor exceed the amount which would result in the \$500 cap on the credit, the vendor shall be limited to a \$500 credit.

(iv) Any amendments to taxes previously reported are not eligible for the credit unless the amendment is also reported before the 15th of the month when the taxes are due. Should the amendment reduce the amount of tax originally reported, the credit originally allowed shall be reduced accordingly.

(v) Any vendor or direct pay permit holder that has an outstanding balance on their account from either unpaid taxes or a Department assessment shall be ineligible for credits on their current taxes.

(vi) Any return and payment not postmarked by the discount date shall be ineligible for the credit on their current taxes.

Tax at the time of the sale shall be calculated on the undiscounted amount and if the discount is subsequently taken, shall be credited against future tax liability.

(h) Merchandise Used or Consumed by Vendors. Tangible personal property removed from inventory by the vendor for business or personal consumption shall be subject to sales/use tax. The purchase price of the property shall be the tax basis.

(i) Transportation/Freight Charges. Transportation or outbound freight charges are not taxable and shall not be included within the taxable sales price of any retail sale. Transportation or inbound freight charges in a wholesale transaction are a component of cost of goods sold, like markup and overhead, and become part of the sales price paid by the consumer.

(j) Invoices, Bills of Sale, and Receipts. Each vendor of tangible personal property or services upon which a sales or use tax is imposed shall provide a receipt to the purchaser, except as stated in Subsection (k). The vendor shall retain copies of all receipts containing the following:

Tax=Gross Receipts - (Gross Receipts / (1+ Tax Rate)) Example Gross Receipts = 1,000Tax Rate = 6% Tax = 1,000 - (1,000/(1+.06))Tax = 1,000 - 943.40Tax = 56.60

A party liable for sales or use tax who is unable to file a tax return containing sales amounts by the due date of the return may file an estimated tax return and make an estimated tax payment prior to the due date of the tax return. Subsequent submission of the tax return and payment of the actual amount of tax due shall be subject to interest and penalty provisions. Estimated tax returns shall be clearly marked and identified as an "Estimated Tax Return." Subsequently submitted returns shall be clearly marked as an "Amended Tax Return."
