# LEGISLATIVE SERVICE OFFICE

## ANNUAL REPORT

January 1, 2015 – December 31, 2015

### CREATION

The Legislative Service Office was created by an Act of the Forty-First Legislature, Chapter 113, Session Laws of Wyoming 1971. It commenced operations on March 1, 1971. The Office provides research and bill drafting services for legislative standing or interim committees and for individual legislators, including pre-filing and distribution of proposed legislation prior to legislative sessions; revision and recompilation of the laws of Wyoming; preparation of copy and contracting for the printing and publishing of all revisions, compilations, session laws, journals and digests; and accounting for all legislative expenditures, supplies and properties. In addition, members of the office staff prepare administrative rule reviews and reports for the Management Council, conduct program evaluations of executive agencies under the direction of the Management Audit Committee, and conduct fiscal studies and budget analysis for the Joint Appropriations Committee and other legislative committees.

Policies, rules and regulations governing general operations of the Office and its relationship to legislative standing committees and individual legislators are made by a Management Council composed of thirteen legislators – six members from each house and one member elected at large.

The Director is employed by and subject to the direction of the Management Council. The Director with the approval of the Management Council employs LSO employees.

## **MEETING PAYMENTS BY LEGISLATOR INTERIM MEETINGS – 2015**

The following apply to the information contained in this list:

1. This list contains mileage, per diem and salary payments to legislators for participation in official legislative interim work. Official legislative interim work consists of meetings of interim and select committees of the legislature, plus other authorized legislative meetings. Beginning in 2009, legislators are also compensated ½ salary for preparation for each day an interim committee meets. In addition, legislators are compensated ½ salary for travel to and/or from an interim committee meeting. Travel salary is not paid for travel occurring on a day the member receives salary for the committee meeting.
2. Note that the number of meetings attended by a legislator is primarily a function of two factors: the number of committees to which that legislator has been appointed and the number of meetings during an interim that a committee meets. Some legislators are appointed to several committees while some may serve on only one committee. Due to the scope of committee workload during an interim, some committees may meet only for a day or two while others meet several times.
3. The Management Council at the conclusion of each session approves interim committee study topics and budgets for meetings. Committees may not exceed those budgets without Council approval.
4. Salary and per diem payments for interim meetings held in a legislator's hometown or of short duration, e.g. a compressed video meeting, may be at a reduced level in accordance with Management Council policy as reflected in the Travel Regulations Handbook.
5. This list does not contain payments to legislators for salary, per diem and mileage related to general, budget or special sessions of the Legislature. Legislators, who live outside Cheyenne, receive payment for round trip mileage to and from the session plus per diem for travel days to and from the session. All legislators receive salary and per diem for each day from convening to adjournment of each session. Legislators living outside Cheyenne are entitled to be reimbursed for mileage for one trip each week should they travel home.

## **OUT OF STATE MEETINGS EXPENDITURES OF LEGISLATORS – 2015**

The following apply to the information contained in this list:

1. This list contains travel and per diem payments (actual expenses) to legislators for out of state travel on official legislative business. The Legislature participates in several organizations such as the National Conference of State Legislatures (NCSL), The Energy Council, the Council of State Governments (CSG), etc. The presiding officers appoint legislators to committees of these organizations. Any legislator may attend without prior approval a maximum of two out of state meetings per year subject to availability of budget. Travel in excess of the two authorized meetings requires Management Council approval.
2. Most out of state travel involves legislators who have been appointed to committees of organizations in which the Legislature participates.
3. The Management Council must approve any out of state travel to a meeting outside the continental United States (lower 48).
4. Legislators receive reimbursement for actual expenses associated with authorized out of state travel, subject to limitations contained in Management Council travel policies. Legislators receive no salary when engaged in authorized out of state travel.

## **JOINT REVENUE INTERIM COMMITTEE**

Priority #: 1 Local government funding issues.

(a) The Committee will undertake a study of the mechanisms available for revenue generation to cities, towns and counties including all sources of revenues (government receipts, enterprise funds, savings and reserves, etc.). This topic will also include discussion of the abilities of local governments to gain and maintain financial stability and general local government funding issues.

(b) The Committee will study sales tax distributions back to local governments and the concept of power equalization.

Priority #: 2 Revenue study.

The Committee will make a historical review of state revenues from major revenue sources including cyclic fluctuations and the amplitude experienced with each revenue source. The review will include consideration of the degree to which fluctuations in major revenue sources move counter or in sync with each other. The Committee will consider the implications that the results of the study may have on the spending and reserve policies of the state legislature. This topic will include a general review of revenue and revenue issues for new members of the Committee.

Priority #: 3 Tax exemptions.

The Committee will undertake a general review of tax exemptions, including the consideration of the development of a policy or framework for reviewing the implementation and review of new and existing tax exemptions. This topic may include the formation of a group similar to the CREG which would be a multi-agency group tasked with reviewing the goals desired for each exemption and measuring whether the exemption is achieving those goals and may also include the use or development of an econometric model for the review of tax exemptions. The Committee will also consider the ability of the Bureau of Economic Analysis to analyze the economic costs and benefits of a particular exemption in terms of economic benefits relative to the cost of the exemption. This topic will also include consideration of the exemption for charities and non-profit groups and other specific exemptions after the development of a framework for consideration of tax exemptions.

Priority #: 4 Investment of local government reserve funds.

This topic will involve consideration of issues related to the ability of local governments to invest reserve funds with the State Treasurer. The Committee will consider enabling legislation for investment of reserve funds as necessary.

Priority #: 5 Liens.

## **JOINT LABOR, HEALTH AND SOCIAL SERVICES INTERIM COMMITTEE**

### **Priority #: 1 Health Care System Problems**

Health care access and affordability continue to be the main health related problem. The Committee will study:

- Primary care, especially for non-Medicaid eligible persons below 100% of poverty level;
- Various models of hospital organization, governance, administration and funding as they affect market, funding and regulatory difficulties;
- Funding problems and regulatory issues related to safety net programs such as qualified health centers, rural health clinics and home and community based providers;
- Methods to encourage medical homes.

### **Priority #: 2 Response to federal actions/initiatives**

The Committee will monitor and respond to federal actions/initiatives, which may include:

- The decision in King v. Burwell regarding availability of tax subsidies in states with a federally operated exchange;
- The effect of the Affordable Care Act on small employer groups and the Wyoming Small Employer Health Reinsurance (WISER) program;
- The Affordable Care Act and the status of the Miner's Hospital as a primary care provider;
- Other federal requirements regarding supervised agencies that need immediate action.

### **Priority #: 3 Medical Education, Retention and Service Gaps**

The state's medical education programs directly impact health care provider availability. The Committee will study status and effectiveness regarding:

- WWAMI;
- The Wyoming Family Practice Residency program, including potential outreach and service to underserved areas;
- Nursing education incentive programs, including possible adoption of the Interstate Nurse Licensure Compact.

### **Priority #: 4 Review of Reports**

The Committee currently receives numerous reports from the departments of Health, Workforce Services and Family Services. The Committee will respond as necessary to issues raised by the reports. In particular, the Committee will review a report regarding the worker's compensation experience modification rate, and the Governor's report on homelessness in Wyoming.

### **Priority #: 5 Workforce Safety**

Study workforce safety programs and enforcement, including the use of compliance assistance grants.
